The joint stipulation of settlement, signed by all the parties, provides that the parties stipulate and agree to dismiss the action and the petitioner is to file with the respondent the following:

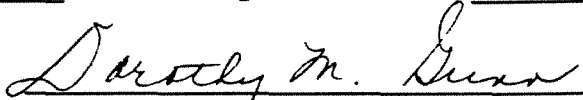

1. A new Eligibility and Deductibility Application form with respect to removal of two, 3,000-gallon tanks that were located in Central Park, pursuant to Section 57.9(c) of the Illinois Environmental Protection Act [415 ILCS 5/57.9(c)], to amend the Eligibility and Deductibility Application dated November 12, 1993;
2. A new Amended Notification for Underground Storage Tanks form for the above-described tanks, to amend the Notification dated April 16, 1986 and Amended Notification dated January 22, 1993 and October 8, 1993;

4. A cover letter indicating that the above-listed filings are resubmittals and that the changes stated in said filings reflect that the estimated date the tanks were last used or out of service was 1975.

While the Board makes no findings of fact or conclusions of

law, based on the parties assurances and affirmations, we dismiss this matter and hereby direct the parties to effectuate their agreement. The docket in this matter is hereby closed.

IT IS SO ORDERED.
