ORDER OF THE BOARD (by J. Theodore Meyer):

This matter is before the Board on the Illinois Environmental Protection Agency's (Agency) January 7, 1993 motion to extend time to file its record. The motion states that the record is currently due on January 21, 1993, that the attorney for petitioner Central Can Company has submitted a waiver of the decision deadline and is not opposed to the request for extension of time, and that an extension is necessary to "ensure a thorough and complete record." Thus, the Agency asks that the date for filing the record be extended to February 22, 1993.

The Board notes that Central Can has submitted a 30-day waiver of the decision deadline, so that a decision in this case is now due on May 23, 1993. In that waiver, Central Can makes reference to discussions between the Agency, USEPA, and Central Can, and states that USEPA needed an additional 30 days (from December 28, 1992) to review the matter. Central Can states that these discussions are aimed at resolving this matter without prolonged litigation. The Agency's motion for extension of time is granted, and the record is due on February 22, 1993.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 21st day of January, 1993, by a vote of 6-0.
