ENVIRONMENTAL PROTECTION AGENCY)	

ORDER

1. Allied Mills, Inc. shall by September 1, 1971, divert its storm waters and by October 1, 1971, its process waste waters to an irrigation field until its facilities meet the requirements of SWB-14.

2. Allied Mills, Inc. is hereby ordered to submit to the Environmental Protection Agency, on or before January 1, 1972, final plans and specifications for the facilities required to bring its waste treatment facilities into compliance with Rules and Regulations SWB-14 with respect to requirements for advanced waste treatment as specified in Rule 1.08, paragraph 11 (b).

3. By July 1, 1972, Allied Mills, Inc. is to be in full compliance with Rules and Regulations of SWB-14 establishing a maximum of 4 mg/l BOD and 5 mg/l suspended solids.

4. During the period of this variance, Allied Mills, Inc. shall not increase its production so as to increase the concentration or volume of its discharge as experienced in the previous year.

5. Allied Mills, Inc. shall post with the Environmental Protection Agency, on or before June 26, 1971, a bond or other security in a form to be determined by the Agency, in the amount of \$25,000, such sum to be forfeited to the State of Illinois in the event that the Company does not comply with the provisions of this order.

I, Regina E. Ryan, Clerk of the Pollution Control Board, certifies that the Board approved the above Order this 27 day of May, 1971.
