Respondent.)	

ORDER OF THE BOARD (by C.A. Manning):

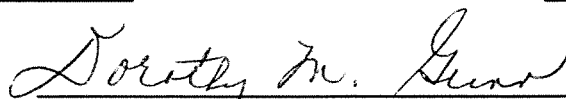

On May 23, 1991, Olin Corporation ("Olin") filed a petition for hearing to review certain conditions contained in modifications made by the Illinois Environmental Protection Agency ("Agency") of Olin's closure plans for several different hazardous waste units at the East Alton, Illinois facility. On December 28, 1993, Olin and the Agency filed a joint status report pursuant to Board order of September 23, 1993. On January 6, 1994, the Board accepted the status report and further requested that Olin file a statutory deadline waiver in this case, or it would be set for hearing. On January 13, 1994, the Board received a waiver until January 1, 1995. On April 21, 1994, the parties were directed to file a status report in this matter on or before August 26, 1994.

The parties filed the joint status report on August 30, 1994 along with a motion to file instant. The status report states that the parties have a tentative agreement on the closure of the hazardous waste units that are the subject of this appeal. The parties are waiting to finalize the agreement based on a favorable Agency inspection report on the closed units. However, the parties still require additional time to discuss conditions of closure/ post-closure plans. Additionally, Olin has waived the statutory decision deadline in this matter until June 1, 1995.

The Board grants the motion to file instant and accepts the status report. The parties are directed to file an updated status report on or before January 6, 1995.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 15th day of September, 1994, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
