May 20, 1993

IN THE MATTER OF:)
TOXIC AIR CONTAMINANTS LIST,) R90-1(C)
REPORTING REQUIREMENTS) (Rulemaking)
(35 ILL. ADM. CODE 232))

ORDER OF THE BOARD (by C. A. Manning):

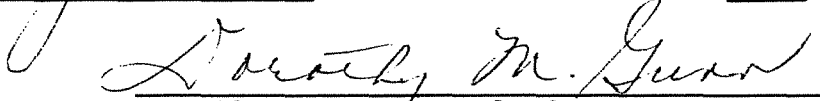

On May 17, 1993, the Illinois Environmental Protection Agency (Agency) and the Illinois Environmental Regulatory Group (IERG) filed a joint status report in this matter. The participants report that IERG has circulated a draft proposal in this matter which the Agency has reviewed. The participants also report that in response to IERG's proposal, on April 2, 1993, the Agency circulated an alternate proposal to interested participants including IERG and the Sierra Club. Additionally, outreach meetings with affected participants were held at the Agency on April 5, 1993, and May 6, 1993.

The participants state that they believe that additional time is needed to reach a final consensus and ask for a continuance of this matter until August 30, 1993. The participants also report that Sierra Club concurs with their status report.

The Board believes that it is in the best interest of everyone involved to allow the interested participants time to negotiate before proceeding to hearing in this matter. Therefore, this matter is continued until August 30, 1993. The Board and the hearing officer will determine the timing and sequence of further actions in this docket upon the receipt of the next status report. The participants are hereby directed to file a status report on or before August 30, 1993.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 20th day of May, 1993, by a vote of 6-0.
