ORDER OF THE BOARD (by R.C. Flemal):

On December 3, 1992, the Board ordered the parties to file status report to be received on or before February 1, 1993. The petitioner filed its status report on February 1, 1993. The respondent filed its status report on February 3, 1993, not accompanied by a motion to file. However, the Board will accept the filing as it contains information needed for the record in this proceeding.

The petitioner states that it continues in the process of reviewing the work plan for the column leach test, and that it is waiting for respondent's review of the closure certification statements for some of its tanks. Petitioner states that it cannot give an expected date for resolution of this matter because it does not know when respondent will complete its review. Petitioner further supplies a "six month" waiver of the decision deadline (due date calculates to December 23, 1993)¹ to allow the parties to continue to work toward resolution of the matter.

Respondent states that it continues to review the column leach test, describing this as a new test that has not yet been approved for use in Illinois. The respondent states that the parties have scheduled an oral status conference with the hearing officer on March 1, 1993.

The parties are ordered to provide written status reports to be received by the Board no later than March 16, 1993.

IT IS SO ORDERED.

¹ The Board notes that waivers to a calendar date certain are required. (35 Ill. Adm. Code 101.105).

0139-0009

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 4th day of February, 1993, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
