ORDER OF THE BOARD (by E. Dunham):

On January 14, 1993, Sherex Chemical Co., Inc. (Sherex) filed a status report. Sherex has also filed an additional waiver of the decision deadline extending the deadline to March 31, 1994.

The status report notes that Sherex has requested a revised final RCRA Part B Permit. The Environmental Protection Agency (Agency) forwarded a draft revised final permit on or about September 29, 1993. Sherex provided the Agency with comments on the draft permit on or about November 4, 1993. Sherex is awaiting the Agency's reply to the comments. Sherex notes that upon issuance of the permit, it plans to withdraw its appeal.

Sherex contends that an additional sixty days should provide sufficient time for the parties to agree on the language of the permit and for withdrawal of the appeal. However, the Board notes that given the present decision deadline, this matter will need to be decided by the Board at its regularly scheduled meeting on March 31, 1994. Therefore, any motion to withdraw or an additional waiver of the decision deadline should be filed with the Board prior to March 21, 1994.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 20th day of January, 1994, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
