ORDER OF THE BOARD (by B. Forcade):

On April 26, 1989, Moline Corporation filed a petition for review of permit denials of two operating permits, Nos. 88120070 and 74110064, for its facility in the City of St. Charles, Kane County, Illinois. The Board ordered both parties to file memoranda by June 1, 1989. Those memoranda were to address whether these two permit denials should be separately docketed or whether the matter could be adequately addressed in one docket if the hearing officer keeps all evidence and testimony regarding the two permits separate.

On June 1, 1989, Moline filed a joint memorandum with the Illinois Environmental Protection Agency. Both parties believe the matter would be best handled under one docket. Accordingly, the Board will leave these two permit appeals docketed as PCB 89-78.

IT IS SO ORDERED

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 8th day of June, 1989, by a vote of 6-0.

Illinois Pollution Control Board
