ORDER OF THE BOARD (by M. Nardulli):

This matter is before the Board on petitioner Safety-Kleen Corporation's motion to amend filed July 1, 1991 and the respondent Illinois Environmental Protection Agency's (Agency) motion to file record instanter filed July 17, 1991.

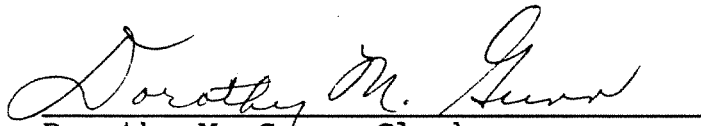

The Board hereby grants the Agency's motion to file the permit record instanter.

By its motion to amend, Safety-Kleen seeks to amend its appeal of conditions imposed in the Agency's approval Safety-Kleen's closure plan issued May 8, 1991. Safety-Kleen seeks modification of its appeal to include vinyl chloride and 1, 1, 2-Trichlorethane based upon the Agency's inclusion of these constituents as cleanup objectives. The Agency included these constituents as part of the closure plan in a letter dated May 29, 1991. The Agency's letter states that these constituents "were not included in Attachment 1 of the Agency's May 8, 1991 closure plan approval" and that they are cleanup objectives which must be satisfied. The Agency has not responded to Safety-Kleen's motion to amend.

The Board hereby grants Safety-Kleen's motion to amend. The Board notes that filing of the motion to amend restarts the Board's 120-day decision deadline.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 25th day of July, 1991 by a vote of 5-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
