EXPLANATION OF VOTE (by J. Theodore Meyer):

I support granting Industrial's motion for reconsideration for the reasons set forth in the motion, and in particular so that my position regarding the Board's September 27 vote to adopt the opinion can be made clear. I did not intend for my vote to be indicated as being in support of the entire opinion. My vote was only in support of that part of the opinion that concluded that it is the applicant who defines the intended service area, not the local decision making body, and with that part of the opinion which reversed Harvey with respect to its finding regarding criterion six.
