 ILLINOIS ENVIRONMENTAL)
 PROTECTION AGENCY,)
)
 Respondent.)

ORDER OF THE BOARD (by C. A. Manning):

On June 15, 1993, the parties filed a status report pursuant to the Board's order of May 20, 1993. The parties report that on December 11, 1992, they met to discuss a resolution of the issues underlying this closure appeal. As a result of their meeting, the parties have developed a conceptual agreement for resolution of this matter and similar closure appeals at other Safety-Kleen facilities in Illinois. Safety-Kleen finalized its comments on the form of the submittals the Agency would it to make to document the implementation of the agreement reached between the parties, and submitted those comments to the Agency. The Agency has finalized its documents taking into consideration Safety-Kleen's comments.

The parties note that to date, Safety-Kleen and the Agency have been able to resolve four closure appeals using the documentation developed through these discussions. They state that this appeal will be addressed within the next 30 days using the same form of documents. Once these documents are issued by the Agency, Safety-Kleen anticipates being able to voluntarily dismiss this appeal. Safety-Kleen and the Agency agree to file another status report within 45 days.

The parties are directed to file an updated status report on or before September 1, 1993.

IT IS SO ORDERED.

0143-0167

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 17th day of June, 1993, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
