CONCURRING OPINION (by J.D. Dumelle):

The IEPA Recommendation was due at the Board by February 18, 1991 but was not filed until March 27, 1991. Thus 34 days or more than a month elapsed after it was due.

The Board has been repeatedly criticized for being slow in its decisions. How is it to go faster if IEPA delays on filing so crucial a document as its Recommendation?

It is not fair to the Petitioner or to the Board or to the public which awaits a decision for such a long delay to occur.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Concurring Opinion was submitted on the 15th day of Artic, 1991.
