HEARING OFFICER ORDER

On July 14, 2005, all parties participated in a telephonic status conference with the hearing officer. The petitioner represented that it has been discussing issues such as modifying conditions in the draft permit. The parties also represented that the Illinois Department of Nuclear Safety (DNS) has reviewed a condition in the draft permit as well, including radium levels. The petitioner represented that it will review the DNS report and continue discussions with the respondent. Petitioner represented that it will file a 80-day waiver of the statutory decision deadline.

The parties or their legal representatives are directed to participate in a telephonic status conference with the hearing officer on September 22, 2005, at 9:30 a.m. The telephonic status conference must be initiated by the petitioner, but each party is nonetheless responsible for its own appearance. At the status conference, the parties must be prepared to discuss the status of the above-captioned matter and their readiness for hearing. If, however, a motion to voluntarily dismiss is filed prior to the next status conference, the conference will be cancelled without further order.

IT IS SO ORDERED.
