Comments: I feel the effect on my business if the current proposed revisions are implemented would be extremely severe. Based on the current estimates of UST projects remaining for our company the potential liability would possibly jeopardize the viability of my company if not in fact put us out of business! I sincerely request more time be taken to look at the ramifications of these proposed changes.

Comments: IN THE 1980'S I HAVE COMPLIED AND MET ALL REGULATIONS
TO POLLUTION CONTROL,
I HAVE SPENT MANY THOUSANDS OF DOLLARS,
I HAVE MET MY OBLIGATION OF DEDUCTIBLE ON CLEANUP.
THE ONLY ASSET I HAVE IS MY BUSINESS PROPERTY, FOR YOU TO CHANGE THE RULES
WOULD BANKRUPT ME. PLEASE RECONSIDER

STATEMENT OF SUPPORT

I hereby provide this statement to document my support of the proposed revisions to the leaking underground storage tank regulations R04-022 and R04-023 as submitted by United Science Industries, Inc. to the Illinois Pollution Control Board.

Comments: As a retired Sw. Sta. operator/burner proposed changes in the rules would eliminate the only supplement our retirement and would be forced to rely only on Soc. Sec.

REQUEST FOR DELAY

I hereby provide this statement as a request that the Illinois Pollution Control Board delay the rulemaking in regard to the proposed revisions to the leaking underground storage tank fund regulations R04-022 and R04-023 until such a time that more fair and equitable rules can be prepared.

Comments: Changes to rules R04-022 and R04-023 could destroy our property value and force my retirement to depend solely on Soc. Sec. for retirement or be forced to return to the work force at age 70

STATEMENT OF SUPPORT

I hereby provide this statement to document my support of the proposed revisions to the leaking underground storage tank regulations R04-022 and R04-023 as submitted by United Science Industries, Inc. to the Illinois Pollution Control Board.

Comments: This process is entirely too complicated for an individual tank holder to deal with. Without a fair + just compensation, companies will not take on this type of work to the environment + owners/operators will be the loser in this situation.

STATEMENT OF SUPPORT

I hereby provide this statement to document my support of the proposed revisions to the leaking underground storage tank regulations R04-022 and R04-023 as submitted by United Science Industries, Inc. to the Illinois Pollution Control Board.

Comments:

We small operators would not be able to afford any additional clean up, if the rules are changed, since we already had a sizeable investment in the clean up.

REQUEST FOR DELAY

I hereby provide this statement as a request that the Illinois Pollution Control Board delay the rulemaking in regard to the proposed revisions to the leaking underground storage tank fund regulations R04-022 and R04-023 until such a time that more fair and equitable rules can be prepared.

FKG OIL COMPANY

Comments: It is obvious from the comments made on the proposed rule that alot more work is needed. It appears the state is trying to spend less money on UST program, so it (the funds) can be used in other programs J.B.H.

REQUEST FOR DELAY

I hereby provide this statement as a request that the Illinois Pollution Control Board delay the rulemaking in regard to the proposed revisions to the leaking underground storage tank fund regulations R04-022 and R04-023 until such a time that more fair and equitable rules can be prepared.
