JURISDICTION

This Administrative Citation is issued pursuant to authority vested in the Illinois Environmental Protection Agency by 415 ILCS 5/1 *et. seq.* (2004), specifically 415 ILCS 5/31.1.

FACTS

1. The Respondent is the present owner and occupant and in control and possession of a facility located in the County of Jackson, State of Illinois.
2. The facility is an open dump, operating without an Illinois Environmental Protection Agency Operating Permit, and designated with the Site Code # 0778005006. The facility is known to the Agency as the Ava/James Qualls site.
3. The Respondent has owned, occupied, controlled and/or operated the facility at all relevant times hereto.
4. On February 28, 2006, Don Terry, Field Inspector, Jackson County Health Department, inspected the facility. A true and correct copy of the inspection report, along with Mr. Terry's affidavit, are attached and incorporated herein by reference as Exhibit A.

5. On March 6, 2003, the Illinois Pollution Control Board in docket number AC 03-14 entered an order and found this same Respondent, James Qualls, had violated sections 21(p)(1), 21(p)(5), and 21(p)(7) of the Illinois Environmental Protection Act, 410 ILCS 5/1 *et. seq.* on this same site pursuant to an Administrative Citation filed by this same Complainant, County of Jackson.

VIOLATIONS

On the basis of Field Inspector, Don Terry's, direct observation, he has determined that the Respondent has caused or allowed open dumping at the above described facility in a manner that resulted in the following violations:

That on February 28, 2006, an on-site inspection of the facility disclosed the following:

1. The Respondent has caused or allowed litter at the facility in violation of 415 ILCS 5/21(p)(1); and
2. The Respondent has caused or allowed the deposition of general construction or demolition debris; or clean construction or demolition debris at the facility in violation of 415 ILCS 5/21(p)(7).

CIVIL PENALTY

In accordance with 415 ILCS 5/42 (b)(4-5), the Respondent is subject to a civil penalty of \$3,000.00 for each second or subsequent violation. Additionally, should the Respondent elect to petition the Illinois Pollution Control Board under the review process described below, after an adjudicatory hearing, the Respondent shall be assessed the hearing costs incurred by the Pollution Control Board. The hearing cost would be in addition to the \$6,000.00 fine.

If you acknowledge the violations cited herein above, the civil penalty shall be due and payable no later than May 1, 2006. If you do not petition the Pollution Control Board for review of the Administrative Citation within 35 days of service of the Administrative Citation, or contest the Citation, any judgment that may be rendered against you shall specify the due date of the civil fine and any additional costs assessed against you.

When payment is made, your check should be made payable to the Jackson County's Treasurer Office and mailed to the attention of Shirley Dillinger Booker, Jackson County Treasurer, Murphysboro, Illinois, 62966. Also, please complete and return the enclosed remittance form, along with your payment, to assure proper credit.

If any civil penalty is not paid within the prescribed time, the law allows for the accumulation and payment of interest on the remaining unpaid balance. If any civil penalty is not paid when due, the Office of the State's Attorney shall be requested to initiate proceedings in Circuit Court to collect the penalty. In addition to the civil penalty, hearing costs, and interest, if any, the Jackson County State's Attorney may seek to recover their costs of litigation.

PROCEDURE FOR CONTESTING ADMINISTRATIVE CITATION

You have the right to contest this Citation, pursuant to 415 ILCS 5/31.1. If you elect to contest this Citation, you must file a Petition For Review with the Clerk of the Illinois Pollution Control Board. A copy of the Petition For Review shall be filed with Daniel Brenner, Assistant State's Attorney, Jackson County Courthouse, Third Floor, Murphysboro, IL 62966. **Your Petition For Review must be filed within 35 days of the date of service of the present citation on you. If you fail to file your Petition, a Default Order against you will entered**

by the Pollution Control Board. Your original Petition must be filed with the Clerk of the

Board at:

GENERAL REMARKS

During the stated date and time, I conducted an inspection of the site listed above. This inspection was made as a follow up to an inspection conducted on June 28, 2004 during which violations regarding open dumping were observed. I was accompanied on this inspection by Bart Hagston of the Jackson County Health Department. Weather conditions at the time of the inspection were: cloudy with calm winds and a temperature of approximately 63°F.

According to the Jackson County Assessor's Office, the site is owned by James Qualls.

Upon arrival at the site, Mr. Hagston and I called out in loud voices for Mr. Qualls to determine if anyone was home. After several loud calls we received no response.

From Wilson Road, a public roadway, I observed a waste pile to the north of the house (**Photos #1 & #2, Site Sketch Area A**) consisting of, but not limited to, dimensional lumber, plastic buckets, scrap metal, cardboard, furniture, waste tires and other materials.

South of this pile, I observed another waste pile (**Photos #3 & #4, Site Sketch Area A**) consisting of, but not limited to, scrap metal, ceramic insulators, furniture, waste tires and other materials.

West of Wilson Road (and on property owned by James Qualls) I observed two mobile homes which appeared abandoned (**Photo #5, Site Sketch Area B**). I observed no evidence of utility hook ups to either mobile home or evidence of recent use (ie paths through tall grass to the mobile home). In the same area (**Area B on Sketch**) I observed several vehicles which appeared abandoned (**Photos #5 & #6, Site Sketch Area B**) since at the time of the inspection, these vehicle were not in use, were not useable in their current condition, and were not stored in such a way as to protect any future use.

I walked south along Wilson Road to a location at the south end of the Qualls property. I walked east where I observed a pile of approximately sixty waste tires (**Photo #7, Site Sketch Area C**). To the west of the tire pile I observed two other waste piles consisting of, but not limited to, waste tires, dimensional lumber, plumbing fixtures, power lawn mowers, scrap metal, general construction / demolition debris and other materials not readily identifiable (**Photos #8 - #10, Site Sketch Area C**).

I walked east through a field where I observed an abandoned truck (**Photos #11 & #12, Site Sketch Area D**). The truck was lacking current Illinois vehicle registration (**Photo #12, Site Sketch Area D**) and the bed was filled with waste (**Photo #11, Site Sketch Area D**).

I walked east to a location where I had observed open dumped waste during a previous inspection (**Site Sketch Area E**). This area is located along a dirt pathway and is approximately 300 yards long. I began at the south end of the open dumping area and walked north. Along this dirt pathway I observed the following items open dumped: scrap metal, 25 vehicles, two pull behind camper trailers (open to the environment), one mobile home (side missing and open to the environment), metal barrels, waste tires, dimensional lumber, plastic items, cloth items, furniture, and other items too numerous to list. The total amount of waste in this area (**Area E on Site Sketch**) was approximately 500 cu / yds. At the time of the inspection, the items observed at this site were not in use, were not useable in their current condition, and were not stored in such a way as to protect any future use.

Continuing Violations Observed:

Item #5(21)(a): Cause or allow open dumping; Item #8(21)(p)(1 & 7): Cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site: (1) Litter and (7) Deposition of general construction or demolition debris; or clean construction or demolition debris: During this inspection, the open dumping of waste resulting in litter and the deposition of general construction or demolition debris was observed.

Item #6(21)(d)(1): Conduct any waste-storage, waste-treatment, or waste-disposal operation: Without a permit: This office has no record that the owner of this site has a permit from the Agency to conduct any waste-storage, waste-treatment or waste-disposal operation.

Item #6(21)(d)(2): Conduct any waste-storage, waste-treatment, or waste-disposal operation: In violation of any regulations or standards adopted by the Board: During the inspection, violations regarding regulations or standards adopted by the Board regarding litter control and daily cover were observed.

Page 3
077 800 5006
Ava / James Qualls

Item #7(21)(e): Dispose, treat, store, or abandon any waste, or transport any waste into the State at/to sites not meeting requirements of the Act: Due to the amount of waste observed at this site, it is reasonable to conclude that the waste was transported to the site for the purpose of disposal.

Item #9(55)(a)(1): No person shall: Cause or allow open dumping of any used or waste tire: During the inspection, waste tires that had been open dumped were observed.

Item #10(812.101)(a): Failure to submit an application for a permit to develop and operate a landfill; Item #15(807.201): Failure to obtain a Developmental Permit to operate a solid waste management site; Item #15(807.202): Failure to obtain an Operational Permit to operate a solid waste management site: This office has no record that the site owner has applied for or has received from the Agency a permit to develop or operate a landfill or a solid waste management site.
