)	
PROPOSED AMENDMENTS TO)	R04-25
DISSOLVED OXYGEN STANDARD 35 ILL.)	(Rulemaking - Water)
ADM. CODE 302.206)	

**NOTICE OF
STATUS CONFERENCE CALL**

DATE, TIME, DIAL-IN INFORMATION:

STATUS CONFERENCE CALL: MONDAY, JUNE 5, 2006, 10:00 a.m.

Dial-In Number: (312) 569-4000
Identification Number: 429205

PURPOSE OF CALL: Procedural Status
Readiness for Hearing

HEARING OFFICER: Richard R. McGill, Jr.

HEARING OFFICER ORDER

The proponent of this rulemaking is the Illinois Association of Wastewater Agencies (IAWA). IAWA seeks to amend the Board's rule establishing general use water quality standards for dissolved oxygen (35 Ill. Adm. Code 302.206). The most recent public hearing took place in Springfield on April 25, 2006, and was the fourth hearing in this rulemaking. Below is a summary of the May 15, 2006 status conference call and information on the next call, which is scheduled for June 5, 2006.

May 15, 2006 Status Conference Call

The hearing officer was joined on the May 15, 2006 conference call by the following participants: Roy Harsch and Dennis Streicher, IAWA; Stefanie Diers, Deborah Williams, and Roy Smogor, Illinois Environmental Protection Agency (IEPA); Stanley Yonkauski, Joel Cross, Ann Holtrop, and Charlie Foor, Illinois Department of Natural Resources (DNR); Albert Ettinger, Environmental Law & Policy Center, Prairie Rivers Network, and Sierra Club; Margaret Conway, Metropolitan Water Reclamation District of Greater Chicago; Brenda Carter, Illinois Environmental Regulatory Group; Esther Dundor, Illinois American Water Company; and Greg Buchner, Fox Metro Water Reclamation District.

Mr. Harsch of IAWA stated that IAWA was still reviewing or hoping to receive additional information from IEPA or DNR. At the conclusion of the call, participants expressed interest in having the hearing officer preside over another conference call to discuss readiness for the next hearing. With the participants' agreement, the hearing officer scheduled a status conference call for June 5, 2006, at 10:00 a.m.

June 5, 2006 Status Conference Call

A status conference call is scheduled for Monday, June 5, 2006, at 10:00 a.m. The hearing officer will conduct the status conference, the purpose of which is to have the proponent and other participants provide a status report on their readiness to proceed with the next hearing. Only questions and comments related to the procedural purpose of this status conference will be allowed during the call. The status conference therefore will not be used to discuss the merits of any proposal or to receive evidence. *During the call, participants should be prepared to discuss potential dates in July through September 2006 for the next hearing, which likely would be held in Springfield.*

Mr. Roy Harsch, counsel for IAWA, has arranged the teleconferencing service for the status conference call. Anyone may participate in the status conference, whether by speaking or merely listening. The dial-in number for the status conference call is (312) 569-4000, with an identification number of 429205. If you are having any difficulty joining the call, please dial (312) 569-1683 and indicate the conference identification number of 429205.

To ensure that enough lines are available for those wishing to participate, please contact the hearing officer at (312) 814-6983 or mcgillr@ipcb.state.il.us by June 2, 2006, if you would like to participate in the status conference call. After the status conference, the hearing officer will prepare a short report documenting the participants in, and matters discussed during, the call.

IT IS SO ORDERED.

Richard R. McGill, Jr.
Hearing Officer, Illinois Pollution Control Board
100 West Randolph Street, Suite 11-500
Chicago, Illinois 60601
