COMPLAINANT'S MOTION TO FILE AMENDED COMPLAINT

Complainant, PEOPLE OF THE STATE OF ILLINOIS, by LISA MADIGAN, Attorney General of the State of Illinois, respectfully moves, pursuant to Section 101.500 of the Board's Procedural Rules, 35 Ill. Adm. Code 101.500 and Section 2-616 of the Code of Civil Procedure, 735 ILCS 5/2-616 for leave to file the attached Amended Complaint in order to add Count II to the action.

Complainant filed a Complaint on December 1, 2005. On December 30, 2005, Respondent filed a Motion to Dismiss for Illinois EPA's failure to follow the notice procedure set forth in Section 31. On February 3, 2006, Complainant filed a response to the Motion to Dismiss. On March 16, 2006, this Board denied the Respondent's Motion to Dismiss on the grounds that the Attorney General may bring an enforcement action on her own motion regardless of the Agency's actions. On April 14, 2006, Respondent answered the complaint.

On May 18, 2006, a pipeline owned by the Respondent breached and released approximately 220 barrels of salt water. The breached pipeline is within the same salt water system as the pipeline release that occurred in the September 2005 release pleaded in the December 1, 2005 complaint. The salt water release impacted the same drainage way as the September 2005 release. The May 18, 2006 release is plead within Count II.

In the interests of administrative efficiency, the inclusion of these additional violations within the pending enforcement proceeding is necessary. The claims are brought upon the Attorney General's own motion pursuant to Section 31(d) of the Act, 415 ILCS 5/31(d) (2004).

Pursuant to Section 103.204(f) of the Board's Procedural Rules, the Respondent is hereby notified: Failure to file an answer to this complaint within 60 days may have severe consequences. Failure to answer will mean that all allegations in the complaint will be taken as if admitted for purposes of this proceeding. If you have any questions about this procedure, you should contact the hearing officer assigned to this proceeding, the Clerk's Office or an attorney.

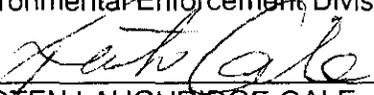

WHEREFORE, Complainant respectfully asks that this Motion to File Amended Complaint be granted and that the Amended Complaint be allowed in this pending matter.

Respectfully submitted,

PEOPLE OF THE STATE OF ILLINOIS,

LISA MADIGAN
Attorney General
State of Illinois

No. 06-82
(Enforcement)

AMENDED COMPLAINT

Complainant, PEOPLE OF THE STATE OF ILLINOIS, by LISA MADIGAN, Attorney General of the State of Illinois, complains of the Respondent, BARGER ENGINEERING, INC., as follows:

COUNT I

WATER POLLUTION VIOLATIONS FOR THE SEPTEMBER 23, 2005 RELEASE

1. This action is brought against the Respondent in the name of the People of the State of Illinois, by LISA MADIGAN, Attorney General of the State of Illinois, on her own motion and at the request of the Illinois Environmental Protection Agency ("Illinois EPA"), pursuant to the Illinois Environmental Protection Act ("the Act"), 415 ILCS 5/1 *et seq.* (2004).

2. The Illinois EPA is an agency of the State of Illinois created under Section 4 of the Act, 415 ILCS 5/1 *et seq.* (2004), and is charged, *inter alia*, with the duty of enforcing the Act.

3. The Complaint is brought by the Attorney of the State of Illinois pursuant to Section 31(d) of the Act, 415 ILCS 5/31(d) (2004).

4. The Respondent, Barger Engineering, Inc., is and was at all times relevant to this Complaint an Indiana corporation, currently registered and in good standing with the Illinois Secretary of State's Office.

5. The Respondent is and was at all times relevant to this Complaint the owner of the Phillipstown Unit Water Flood Plant located approximately five miles south of Crossville, White County, Illinois ("facility").

6. On September 23, 2005, a PVC transfer line located at the facility had ruptured and released approximately 1,000 - 1,500 barrels of salt water and 10 to 20 barrels of crude oil.

7. On September 23, 2005, the salt water traveled approximately 1½ miles downstream from the facility into a drainageway and unnamed stream, which drains into the Wabash River. Crude oil and crude oil staining was approximately 1 mile downstream from the facility.

8. The first ½ mile of the discharge consisted of a milky white suspension and black precipitate, as well as heavy areas of crude oil. Crude oil also covered the vegetation within the drainage way.

9. The chloride concentration of the water in the drainageway was at least 6,722 mg/L approximately 1½ miles downstream of the facility.

10. Over 50 small fish, including small minnows and catfish, died approximately 1 1/4 miles downstream from the facility.

11. On September 26, 2005, over 100 more small fish, including minnows and catfish, had been killed about 1 1/4 to 1 ½ miles downstream from the facility.

12. The unnamed stream and Wabash River are a "waters" of the State as that term is defined under Section 3.550 of the Act, 415 ILCS 5/3.550 (2004), as follows:

"WATERS" means all accumulations of water, surface and underground, natural, and artificial, public and private, or parts thereof, which are wholly or partially within, flow through, or border upon this State.

13. Section 3.545 of the Act, 415 ILCS 5/3.545 (2004), defines "water pollution" as follows:

"WATER POLLUTION" is such alteration of the physical, thermal, chemical, biological or radioactive properties of any waters of the State, or such discharge of any contaminant into any waters of the State, as will or is likely to create a nuisance or render such waters harmful or detrimental or injurious to public health, safety or welfare, or to domestic, commercial, industrial, agricultural, recreational, or other legitimate uses, or to livestock, wild animals, birds, fish, or other aquatic life.

14. Section 12 of the Act, 415 ILCS 5/12 (2004), provides, in pertinent part:

No person shall:

a) Cause or threaten or allow the discharge of any contaminants into the environment in any State so as to cause or tend to cause water pollution in Illinois, either alone or in combination with matter from other sources, or so as to violate regulations or standards adopted by the Pollution Control Board under this Act.

* * *

f) Cause, threaten or allow the discharge of any contaminant into the waters of the State, as defined herein,...without an NPDES permit for point source discharges issued by the Agency under Section 39(b) of this Act...

15. Section 302.203 of the Board's Water Quality Standards Regulations, 35 Ill.

Adm. Code 302.203, provides, in pertinent part, as follows:

Offensive Conditions: Waters of the State shall be free from sludge or bottom deposits, floating debris, visible oil, odor, plant or algal growth, color or turbidity of other than natural origin....

16. Section 302.208(g) of the Board's Water Quality Standards Regulations, 35 Ill.

Adm. Code 302.208(g), provides, in pertinent part, as follows:

- g) Concentrations of the following chemical constituents shall not be exceeded except in waters for which mixing is allowed pursuant to Section 302.102

Constituent	Unit	STORET Number	Standard
Chloride (total)	mg/L	00940	500

17. By causing or allowing the discharge of approximately 1,000 to 1,500 barrels of salt water and 10 to 20 barrels of crude oil, Respondent created offensive conditions of sludge and floating debris in violation of Section 302.203 of the Board's Water Quality Standards Regulations, 35 Ill. Adm. Code 302.203.

18. By causing or allowing the discharge of approximately 1,000 to 1,500 barrels of salt water, Respondent caused the concentration of chlorides to exceed the regulated standard of 500 mg/L, in violation of Section 302.208(g) of the Board's Water Quality Standards Regulations, 35 Ill. Adm. Code 302.208(g).

19. By causing or allowing the discharge of 1,000 to 1,500 barrels of salt water and 10 to 20 barrels of crude oil into the waters of the State without an NPDES permit, Respondent violated Section 12(f) of the Act, 415 ILCS 5/12(f) (2004).

20. By causing or allowing the discharge of 1,000 to 1,500 barrels of salt water and 10 to 20 barrels of crude oil into waters of the State, Respondent has caused or tended to cause water pollution.

21. By so causing or tending to cause water pollution, Respondent has violated Section 12(a) of the Act, 415 ILCS 5/12(a) (2004).

PRAYER FOR RELIEF

WHEREFORE, the Complainant, People of the State of Illinois, respectfully requests that this Board grant the following relief:

A. Find that Respondent, Barger Engineering, Inc., has violated Section 12(a) and 12(f) of the Act, 415 ILCS 5/12(a), (f) (2004) and Sections 302.203 and 302.208(g) of the Board's Water Quality Standards Regulations, 35 Ill. Adm. Code 302.203, 302.208(g);

B. Order Respondent from to cease and desist from further violations of the Act and associated regulations;

C. Assess against Respondent a monetary penalty of up to fifty thousand dollars (\$50,000) for each violation and up to an additional ten thousand dollars (\$10,000) for each day that the violation has continued;

D. Pursuant to Section 42(f) of the Act, 415 ILCS 5/42(f) (2004), award the Complainant its costs in this matter, including reasonable attorney's fees and expert witness costs; and

E. Grant such other and further relief as this Board deems appropriate.

COUNT II

WATER POLLUTION VIOLATIONS FOR THE MAY 18, 2006 RELEASE

1-10. Complainant realleges and incorporates herein by reference paragraphs 1 through 5 and 12 through 16 of Count I as paragraphs 1 through 10 of this Count II.

11. Section 12(d) of the Act, 415 ILCS 5/12(d) (2004), provides:

No person shall:

d) Deposit any contaminants upon the land in such place and manner so as to create a water pollution hazard.

12. On May 18, 2006, a fiberglass pipeline from the Phillipstown Unit Water Flood Plant ("facility") to the injection wells breached and released approximately 200 barrels of salt water.

13. The release occurred from the same facility as the release on September 23, 2005.

14. On May 19, 2006, the salt water had traveled approximately 1½ miles downstream from the pipeline into the same drainageway and unnamed stream that drains into the Wabash River as the September 23, 2005 release.

15. On May 19, 2006, a milky white suspension and black precipitate were in the drainage way within 500 feet of the breached pipe.

16. On May 19, 2006, the chloride concentration of the water approximately 500 feet downstream of the breached pipeline was approximately 1,199 ppm.

17. On May 25, 2006, the chloride concentration of the water was approximately 619-640 ppm downstream of the breached pipeline and upstream of a berm installed by the Respondent.

18. By causing or allowing the discharge of approximately 200 barrels of salt water, Respondent created offensive conditions of sludge and floating debris in violation of Section 302.203 of the Board's Water Quality Standards Regulations, 35 Ill. Adm. Code 302.203.

19. By causing or allowing the discharge of approximately 200 barrels of salt water, Respondent caused the concentration of chlorides to exceed the regulated standard of 500 mg/L, in violation of Section 302.208(g) of the Board's Water Quality Standards Regulations, 35 Ill. Adm. Code 302.208(g).

20. By causing or allowing the deposit of 200 barrels of salt water upon the land in close proximity to waters of the State, Respondent created a water pollution hazard in violation of Section 12(d) of the Act, 415 ILCS 5/12(d) (2004).

21. By causing or allowing the discharge of 200 barrels of salt water into the waters of the State without an NPDES permit, Respondent violated Section 12(f) of the Act, 415 ILCS 5/12(f) (2004).

22. By causing or allowing the discharge of 200 barrels of salt water into waters of the State, Respondent has caused or tended to cause water pollution.

23. By so causing or tending to cause water pollution, Respondent has violated Section 12(a) of the Act, 415 ILCS 5/12(a) (2004).

PRAYER FOR RELIEF

WHEREFORE, the Complainant, People of the State of Illinois, respectfully requests that this Board grant the following relief:

A. Find that Respondent, Barger Engineering, Inc., has violated Section 12(a), 12(d) and 12(f) of the Act, 415 ILCS 5/12(a), (d), and (f) (2004) and Sections 302.203 and 302.208(g) of the Board's Water Quality Standards Regulations, 35 Ill. Adm. Code 302.203, 302.208(g);

B. Order Respondent from to cease and desist from further violations of the Act and associated regulations;

C. Assess against Respondent a monetary penalty of up to fifty thousand dollars (\$50,000) for each violation and up to an additional ten thousand dollars (\$10,000) for each day that the violation has continued;

D. Pursuant to Section 42(f) of the Act, 415 ILCS 5/42(f) (2004), award the Complainant its costs in this matter, including reasonable attorney's fees and expert witness costs; and

E. Grant such other and further relief as this Board deems appropriate.

Respectfully submitted,
