Company endorses and supports NORA's rule proposal and requests that the Board adopt the language proposed by NORA.

Special Waste manifesting for used oil, including those substances entitled to be regulated as used oil pursuant to federal and state regulations, is burdensome and unnecessary.

In closing, our company believes that the current manifesting requirements in Illinois for Used Oil and items regulated as Used Oil are unnecessary and burdensome. We strongly encourage the Board to adopt the language proposed by NORA. We look forward to the Board's adoption of NORA's rule proposal.

Sincerely,

Chris McNeil
