As a Citizen who resides here in Peoria and others, am deeply concerned about expansion of the PDC landfill just upwind from us here in Peoria...

As I understand it, the PDC landfill is going to greatly expand the waste it receives both in terms of quantity and toxicity. Lying approximately 2 miles or so downwind I am greatly concerned both for myself and for my neighbors.

Must Peoria become the "Love Canal" of the Midwest"?

Thankyou for your consideration

Sincerely, ~~Matt~~ Becker
