MOTION FOR RELIEF FROM HEARING REQUIREMENT

NOW COMES Complainant, PEOPLE OF THE STATE OF ILLINOIS, by LISA MADIGAN, Attorney General of the State of Illinois, and pursuant to Section 31(c)(2) of the Illinois Environmental Protection Act ("Act"), 415 ILCS 5/31(c)(2) (2004), moves that the Illinois Pollution Control Board grant the parties in the above-captioned matter relief from the hearing requirement imposed by Section 31(c)(1) of the Act, 415 ILCS 5/31(c)(1) (2004). In support of this motion, Complainant states as follows:

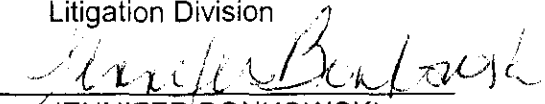

1. The parties have reached agreement on all outstanding issues in this matter.
2. This agreement is presented to the Board in a Stipulation and Proposal for Settlement, filed contemporaneously with this motion.
3. All parties agree that a hearing on the Stipulation and Proposal for Settlement is not necessary, and respectfully request relief from such a hearing as allowed by Section 31(c)(2) of the Act, 415 ILCS 5/31(c)(2) (2004).

WHEREFORE, Complainant, PEOPLE OF THE STATE OF ILLINOIS, hereby requests that the Board grant this motion for relief from the hearing requirement set forth in Section 31(c)(1) of the Act, 415 ILCS 5/31(c)(1) (2004).

Respectfully submitted,

STIPULATION AND PROPOSAL FOR SETTLEMENT

Complainant, PEOPLE OF THE STATE OF ILLINOIS, by LISA MADIGAN, Attorney General of the State of Illinois, the Illinois Environmental Protection Agency ("Illinois EPA"), and LAKE POINTE ESTATES, LLC, an Illinois limited liability company, ("Respondent" or "Lake Pointe"), have agreed to the making of this Stipulation and Proposal for Settlement ("Stipulation") and submit it to the Illinois Pollution Control Board ("Board") for approval. The parties agree that the statement of facts contained herein represents a fair summary of the evidence and testimony which would be introduced by the parties if a hearing were held. The parties further stipulate that this statement of facts is made and agreed upon for purposes of settlement only and that neither the fact that a party has entered into this Stipulation, nor any of the facts stipulated herein, shall be introduced into evidence in any other proceeding regarding the claims asserted in the Complaint except as otherwise provided herein. If the Board approves and enters this Stipulation, Respondent agrees to be bound by the Stipulation and Board Order and not to contest their validity in any subsequent proceeding to implement or enforce their terms.

I. JURISDICTION

The Board has jurisdiction of the subject matter herein and of the parties consenting hereto pursuant to the Illinois Environmental Protection Act ("Act"), 415 ILCS 5/1 et seq. (2004).

II. AUTHORIZATION

The undersigned representatives for each party certify that they are fully authorized by the party whom they represent to enter into the terms and conditions of this Stipulation and to legally bind them to it.

III. STATEMENT OF FACTS

A. Parties

1. On January 18, 2006, a Complaint was filed on behalf of the People of the State of Illinois by Lisa Madigan, Attorney General of the State of Illinois, on her own motion and upon the request of the Illinois EPA, pursuant to Section 31 of the Act, 415 ILCS 5/31(2004), against the Respondent.

2. The Illinois EPA is an administrative agency of the State of Illinois, created pursuant to Section 4 of the Act, 415 ILCS 5/4 (2004).

3. At all times relevant to the Complaint, Respondent was and is an Illinois limited liability company in good standing.

B. Site Description

1. At times relevant to the Complaint, Respondent was engaged in the development of the "Lake Pointe Subdivision" in Springfield, Sangamon County, Illinois.

2. The Illinois EPA had issued construction permits to Lake Pointe Estates LLC for the

installation of 2,002 feet of sanitary sewer for plats 4 and 5 on April 12, 2002, of 1,030 feet of sanitary sewer for plat 7 on May 2, 2003, and 864 feet of sanitary sewer for plat 8 on August 15, 2003. Each construction permit included the following special condition: "The Permittee to Construct shall be responsible for obtaining an NPDES Storm Water Permit prior to initiating construction if construction activities associated with this project will result in the disturbance of one (1) or more acres total land area."

3. Subsequent to April 2002, and continuing through at least August 2005, there were ongoing construction activities at the subdivision including clearing, grading, and excavating that resulted in land disturbances of greater than one acre. The measures or controls provided to prevent or minimize pollution from storm water runoff at the subdivision were inadequate. Plats 4 and 5 are approximately 11.9 acres in total land area. Plats 7 and 8 are approximately 13.7 acres in total land area.

4. After the company submitted applications and proposed pollution prevention plans to the Illinois EPA, the Illinois EPA issued storm water NPDES permits to Lake Pointe Estates LLC for plats 4, 5 and 7 on July 3, 2003, and for plat 8 on October 14, 2003. Each permit required the implementation of specified site stabilization and management practices to control storm water runoff and the continuation of maintenance, monitoring and inspections to ensure the effectiveness of the measures or controls provided.

C. Allegations of Non-Compliance

Complainant contends that the Respondent has violated the following provisions of the Act and Board regulations:

Count I: Commencing on some date prior to April 2002, and continuing until subsequent site stabilization via the implementation of a storm water pollution prevention plan and/or natural vegetative processes and other means, by failing to maintain adequate erosion controls at its site as required by its NPDES Permit,

Lake Pointe Estates LLC has caused, threatened or allowed the discharge of any contaminant into the waters of the State in violation of its NPDES permit, and has thereby violated Section 12(f) of the Act, 415 ILCS 5/12(f) (2004), as well as Section 309.102(a) of the Board's Water Pollution Regulations, 35 Ill. Adm. Code 309.102(a).

D. Admission of Violations

The Respondent neither admits nor denies the violations alleged in the Complaint filed in this matter and referenced herein.

E. Compliance Activities to Date

Lake Pointe has adequately stabilized Plats 4, 5, 7, and 8.

IV. APPLICABILITY

This Stipulation shall apply to and be binding upon the Complainant and the Respondent, and any officer, director, agent, or employee of the Respondent, as well as any successors or assigns of the Respondent. The Respondent shall not raise as a defense to any enforcement action taken pursuant to this Stipulation the failure of any of its officers, directors, agents, employees or successors or assigns to take such action as shall be required to comply with the provisions of this Stipulation.

1. No change in ownership, corporate status or operator of the facility shall in any way alter the responsibilities of the Respondent under this Stipulation and Proposal for Settlement. In the event of any conveyance of title, easement or other interest in the facility, the Respondent shall continue to be bound by and remain liable for performance of all obligations under this Stipulation.

2. In the event that the Respondent proposes to sell or transfer any real property or operations subject to any Order accepting and adopting the terms of this Stipulation and Proposal for Settlement, the Respondent shall notify the Complainant 30 days prior to the conveyance of title, ownership or other interest, including a leasehold interest in the facility or a portion thereof. The Respondent shall make the prospective purchaser or successor's compliance with any Order accepting and adopting the terms of this Stipulation a condition of any such sale or transfer and shall provide a copy of this Stipulation and any Order accepting and adopting the terms of this Stipulation to any such successor in interest. This provision does not relieve the Respondent from compliance with any regulatory requirement regarding notice and transfer of applicable facility permits.

V. COMPLIANCE WITH OTHER LAWS AND REGULATIONS

This Stipulation in no way affects the responsibilities of the Respondent to comply with any other federal, state or local laws or regulations including, but not limited to, the Act and the Board regulations, 35 Ill. Adm. Code, Subtitles A through H.

VI. IMPACT ON THE PUBLIC RESULTING FROM ALLEGED NON-COMPLIANCE

Section 33(c) of the Act, 415 ILCS 5/33(c)(2004), provides as follows:

In making its orders and determinations, the Board shall take into consideration all the facts and circumstances bearing upon the reasonableness of the emissions, discharges, or deposits involved including, but not limited to:

1. the character and degree of injury to, or interference with the protection of the health, general welfare and physical property of the people;
2. the social and economic value of the pollution source;
3. the suitability or unsuitability of the pollution source to the area in which it is located, including the question of priority of location in the

area involved;

4. the technical practicability and economic reasonableness of reducing or eliminating the emissions, discharges or deposits resulting from such pollution source; and
5. any subsequent compliance.

In response to these factors, the parties state the following:

1. Complainant contends that the injury to, or interference with, the protection of the health, general welfare, and physical property of the People would be characterized as causing, threatening or allowing the discharge of any contaminant into waters of the State in violation of NPDES permit requirements. As to the degree of injury, the potential for harm to aquatic life due to increased sedimentation was present;

2. The parties agree that Respondent's site is of social and economic benefit;

3. Respondent's site is suitably located;

4. The parties agree that complying with the Act and regulations is technically practicable and economically reasonable; and

5. Respondent implemented measures subsequent to the alleged violations that are the subject of the Complaint in this matter in order to operate in compliance with the Act and the associated regulations.

VII. CONSIDERATION OF SECTION 42(h) FACTORS

Section 42(h) of the Act, 415 ILCS 5/42(h)(2004), provides as follows:

In determining the appropriate civil penalty to be imposed under . . . this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

1. the duration and gravity of the violation;
2. the presence or absence of due diligence on the part of the respondent in

attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;

3. any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;
4. the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;
5. the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;
6. whether the respondent voluntarily self-disclosed, in accordance with subsection i of this Section, the non-compliance to the Agency; and
7. whether the respondent has agreed to undertake a "supplemental environmental project," which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform.

In response to these factors, the parties state as follows:

1. The violations occurred on some date prior to April 2002, and were resolved by the date of the most recent Illinois EPA inspection on October 10, 2006.
2. Following the Illinois EPA inspections, Respondent implemented stormwater pollution prevention measures on an ongoing basis.
3. The Respondent realized an economic benefit from noncompliance by delaying the costs of implementing erosion control measures. Estimates regarding weekly inspections required under the NPDES permit would yield a cost savings of at least five thousand six hundred dollars (\$5,600.00).
4. Complainant has determined, in this instance, that a monetary penalty of seven thousand five hundred dollars (\$7,500.00) will serve to deter further violations and aid in future voluntary enforcement of the Act and applicable regulations.

5. The Respondent has no prior adjudicated violations.
6. Self-disclosure is not at issue in this matter.
7. The settlement of this matter does not include a supplemental environmental project.

VIII. TERMS OF SETTLEMENT

A. Penalty Payment

1. The Respondent shall pay a civil penalty in the sum of seven thousand five hundred dollars (\$7,500.00) within thirty (30) days from the date the Board adopts and accepts this Stipulation. The Respondent stipulates that payment has been tendered to Respondent's attorney of record in this matter in a form acceptable to that attorney. Further, Respondent stipulates that said attorney has been directed to make the penalty payment on behalf of Respondent, within thirty (30) days from the date the Board adopts and accepts this Stipulation, in a manner prescribed below. The penalty described in this Stipulation shall be paid by certified check, money order or electronic funds transfer payable to the Illinois EPA, designated to the Illinois Environmental Protection Trust Fund and submitted to:

Illinois Environmental Protection Agency
Fiscal Services Section
1021 North Grand Avenue East
P.O. Box 19276
Springfield, IL 62794-9276

The name and number of the case and Respondent's Federal Employer Identification Number (FEIN) shall appear on the check. A copy of the certified check, money order or record of electronic funds transfer and any transmittal letter shall be sent to:

Peggy Poitevint
Environmental Bureau
Office of the Attorney General
500 South Second Street
Springfield, Illinois 62702

Thomas Andryk
Assistant Counsel
Illinois Environmental Protection Agency
1021 North Grand Avenue East
P.O. Box 19276
Springfield, Illinois 62794-9276

2. Pursuant to Section 42(g) of the Act, 415 ILCS 5/42(g) (2004), interest shall accrue on any payment not paid within the time period prescribed above at the maximum rate allowable under Section 1003(a) of the Illinois Income Tax Act, 35 ILCS 5/1003 (2004). Interest on any unpaid payment shall begin to accrue from the date the payment is due and continue to accrue until the date payment is received. When partial payment(s) are made, such partial payment shall be first applied to any interest on unpaid payment then due and owing. All interest on payment owed shall be paid by certified check, money order or electronic funds transfer, payable to the Illinois EPA, designated to the Illinois Environmental Protection Trust Fund and delivered to the address and in the manner described above.

3. For purposes of payment and collection, Respondent may be reached at the following address:

Lake Pointe Estates, LLC
c/o Thomas Giacomini, R.A.
509 Five Forks Drive
Springfield, IL 62707

4. In the event of default of this Section VIII.A, the Complainant shall be entitled to all available relief including, but not limited to, reasonable costs of collection and reasonable attorney's fees.

B. Future Use

Notwithstanding any other language in this Stipulation to the contrary, and in consideration

of the mutual promises and conditions contained in this Stipulation, including the Release from Liability contained in Section VIII.D, below, the Respondent hereby agrees that this Stipulation may be used against the Respondent in any subsequent enforcement action or permit proceeding as proof of a past adjudication of violation of the Act and the Board Regulations promulgated thereunder for all violations alleged in the Complaint in this matter, for purposes of Section 39(a) and (i) and/or 42(h) of the Act, 415 ILCS 5/39(a) and(i) and/or 5/42(h)(2004). Further, Respondent agrees to waive any rights to contest, in any subsequent enforcement action or permit proceeding, any allegations that these alleged violations were adjudicated.

C. Cease and Desist

The Respondent shall cease and desist from future violations of the Act and Board Regulations that were the subject matter of the Complaint as outlined in Section III.C ("Allegations of Non-Compliance") of this Stipulation.

D. Release from Liability

In consideration of the Respondent's payment of the seven thousand five hundred dollar (\$7,500.00) penalty and any specified costs and accrued interest, to Cease and Desist as contained in Section VIII.C, and upon the Pollution Control Board's acceptance and approval of the terms of this Stipulation and Proposal for Settlement, the Complainant releases, waives and discharges the Respondent from any further liability or penalties for violations of the Act and Board Regulations that were the subject matter of the Complaint herein. The release set forth above does not extend to any matters other than those expressly specified in Complainant's Complaint filed on January 18, 2006. The Complainant reserves, and this Stipulation is without prejudice to, all rights of the State of Illinois against the Respondent with respect to all other matters, including but not

limited to, the following:

- a. criminal liability;
- b. liability for future violation of state, federal, local, and common laws and/or regulations;
- c. liability for natural resources damage arising out of the alleged violations; and
- d. liability or claims based on the Respondent's failure to satisfy the requirements of this Stipulation.

Nothing in this Stipulation is intended as a waiver, discharge, release, or covenant not to sue for any claim or cause of action, administrative or judicial, civil or criminal, past or future, in law or in equity, which the State of Illinois or the Illinois EPA may have against any person, as defined by Section 3.315 of the Act, 415 ILCS 5/3.315, or entity other than the Respondent.

E. Right of Entry

In addition to any other authority, the Illinois EPA, its employees and representatives, and the Attorney General, her agents and representatives, shall have the right of entry onto the Respondent's site which is the subject of this Stipulation, at all reasonable times for the purposes of carrying out inspections. In conducting such inspections, the Illinois EPA, its employees and representatives, and the Attorney General, her employees and representatives may take photographs, samples, and collect information, as they deem necessary.

F. Enforcement of Board Order

1. Upon the entry of the Board's Order approving and accepting this Stipulation and Proposal for Settlement, that Order is a binding and enforceable order of the Illinois Pollution Control Board and may be enforced as such through any and all available means.

2. Respondent agrees that notice of any subsequent proceeding to enforce the Board Order approving and accepting this Stipulation and Proposal for Settlement may be made by mail and waives any requirement of service of process.

3. The parties agree that, if the Board does not approve and accept this Stipulation and Proposal for Settlement, then neither party is bound by the terms herein.

4. It is the intent of the Complainant and Respondent that the provisions of this Stipulation and Proposal for Settlement and any Board Order accepting and approving such shall be severable, and should any provision be declared by a court of competent jurisdiction to be inconsistent with state or federal law, and therefore unenforceable, the remaining clauses shall remain in full force and effect.

WHEREFORE, Complainant and Respondent request that the Board adopt and accept the foregoing Stipulation and Proposal for Settlement as written.
