BOARD ADOPTS EXEMPTIONS FROM VOM, R91-10

On September 12, 1991, the Board adopted final amendments that incorporate into its Air Pollution Control rules the latest version of the USEPA's "Recommended Policy on the Control of Volatile Organic Compounds." That USEPA policy revision added five compounds and four classes of compounds to the list of negligibly-photochemically-reactive compounds exempted from regulation as volatile organic compounds (VOMs). Copies of the Board's Opinion and Order are available from the Clerk of the Board at 312/814-3620.

BOARD MAKES EcIS DETERMINATION IN PM-10 PROPOSAL (R91-22)

On October 10, 1991, the Board determined that no economic impact study (EcIS) is necessary in the proposed PM-10 rules for the McCook and Lake Calumet areas of Cook County, and the Granite City area of Madison County. (Docket R91-22.) Both the Illinois Environmental Protection Agency (Agency) and the Illinois Department of Energy and Natural Resources (ENR) asked that no EcIS be prepared. Two formal studies of the economic impact of the proposed rules have already been submitted, and ENR has stated that it will have those studies updated in response to amendments to the proposal. In determining that an EcIS is not necessary, the Board noted that the record currently contains more

economic information than usually exists at this point in a proceeding, and that both existing and new information can be explored in the hearing process and in written comments. Additionally, given the federal deadline in this proceeding, the Board found that it is not appropriate to request an EcIS. Questions on this proceeding should be directed to Elizabeth Schroer Harvey at 312/814-6921.

BOARD DETERMINES NO EcIS NECESSARY IN DIESEL RULEMAKING

On September 26, 1991, the Board determined that no Economic Impact Study ("EcIS") was necessary in R90-20, Diesel Vehicle Exhaust Opacity Limits. Section 27(a) of the Illinois Environmental Protection Act requires the Board to make a finding as to whether an EcIS is needed. In making this determination, the Board noted that the record to date contains a vast amount of economic information. Hearings were held in this proposed regulation on September 19th and October 3rd of this year. The comment period ends on November 1, 1991. Questions should be directed to Timothy P. Dwyer at (312) 814-3620.

BOARD AND STAFF ACTIVITIES

Board Member Ronald C. Flenal addressed the Illinois Municipal League at its annual conference on October 13, 1991, on the topic: Groundwater Regulations and Compliance.

ADJUSTED STANDARDS DETERMINATIONS LIST

Pursuant to Section 28.1(d)(3) of the Environmental Protection Act, the Board is publishing in this issue of the Environmental Register a list of all final determinations on adjusted standards made within fiscal year 90/91 (July 1, 1990 to June 30, 1991). The Board will also publish in this issue a list of all final determinations on combined sewer overflow exceptions made within fiscal year 90/91. To receive a copy of any of these determinations, please write to the Clerk of the Board and specify the docket number of the case.
