

I support the Peoria County Board's decision to deny PDC's request for a permit to expand its' hazardous waste landfill.

This toxic waste landfill sits over the aquifer which is Peoria area's main water source and is upwind of the entire city.

Safe places and superior means of dealing with waste must be found.

I find it very disturbing that the people, the County Board, area doctors, etc., have expressed their opinion — no expansion, and this business wait accept their decision as legitimate.
