**Re: Edward Pruim**

Dear Ms. Grayson:

I am a cardiovascular physician and have practiced medicine for 20 years. I have treated Edward Pruim for approximately the last seven (7) months and am very familiar with his medical history and his current condition.

Mr. Pruim recently underwent emergency quintuple bypass surgery, which was complicated by the presence of an aortic aneurysm. Mr. Pruim was hospitalized from August 26 - September 9, 2006 in both Palos Community Hospital and Christ Hospital. I performed an angiogram and examined him numerous times during this hospitalization. Mr. Pruim was readmitted to Christ Hospital on September 11, 2006 with a blood clot on his lung. After receiving treatment for this condition, he was released on September 17, 2006.

I have treated Mr. Pruim regularly since his quintuple bypass surgery. I recently examined Mr. Pruim on March 29, 2007. Based on this recent examination, in my professional opinion, Mr. Pruim has still not fully recovered from the quintuple bypass surgery and the blood clot in his lung and is currently unable to prepare for or participate in any legal matters. It is further my opinion that the stress that he would undergo at this time in order to prepare for, testify in or attend legal proceedings could have serious and adverse effects on his health as well as have a negative impact on his future recovery.

In summary, I advise you that in my opinion Mr. Pruim continues to be physically unable to either prepare for or participate in legal proceedings at this time. I recommend that his ability to do so again be evaluated in several months.

Thank you. If you have any further questions for me, please do not hesitate to contact me.

Sincerely,

Daniel A. Rowan, D.O., FACP, FACC
