STATE OF ILLINOIS
Pollution Control Board

RECOMMENDATION

The Illinois Environmental Protection Agency ("Illinois EPA") hereby files its Recommendation pursuant to Section 125.204 of the regulations of the Illinois Pollution Control Board, 35 Ill. Adm. Code 125.204.

1. On November 6, 2006, the Illinois EPA received a request from Stitzel Hog Farm (log number TC-22-06, Exhibit A) for an Illinois EPA recommendation regarding the tax certification of water pollution control facilities pursuant to 35 Ill. Adm. Code 125.204.
2. The applicant's address is: Stitzel Hog Farm
26711 Illinois Route 72
Shannon, Illinois 61078
3. The proposed water pollution control facilities in this request are located at SE ½ of Section 16, T25N, R6E of the 4th P.M. in Carroll County, at the above street address, and consist of the following:

Property ID # 01-000-091-00:

Livestock waste management facilities consisting of one concrete manure pit (52 ft. x 24 ft. x 4 ft. deep) with the slotted concrete portion of the floor over the manure pit; one concrete manure pit (96 ft. x 24 ft. x 7 ft. deep) with the slotted concrete portion of the floor over the manure pit; two concrete manure pits (each 48 ft. x 8 ft. x 4 ft. deep) with the slotted concrete portion of the floor over the manure pits; one concrete manure pit (96 ft. x 8 ft. x 6 ft. deep) with the slotted concrete portion of the floor over the manure pit; one concrete manure pit (108 ft. x 41 ft. x 8 ft. deep) with the slotted concrete portion of the floor over the manure pit.

Property ID # 01-000-091-10:

Livestock waste management facilities consisting of one concrete manure pit (196 ft. x 51 ft. x 8 ft. deep) with the slotted concrete portion of the floor over the manure pit.

These livestock waste management facilities are used to collect, transport and/or store livestock wastes prior to cropland application, and are further described in Exhibit A.

4. Section 11-10 of the Property Tax Code, 35 ILCS 200/11-10 (2004), defines

“pollution control facilities” as:

“any system, method, construction, device or appliance appurtenant thereto or any portion of any building or equipment, that is designed, constructed, installed or operated for the primary purpose of: (a) eliminating, preventing, or reducing air or water pollution . . . or (b) treating, pretreating, modifying or disposing of any potential solid, liquid or gaseous pollutant which if released without treatment, pretreatment modification or disposal might be harmful, detrimental or offensive to human, plant or animal life, or to property.”

5. Pollution control facilities are entitled to preferential tax treatment, 35 ILCS 200/11-5.
6. Based on the information in the application and the purpose of the facilities, it is the Illinois EPA’s engineering judgment that the described facilities may be considered “pollution control facilities,” pursuant to 35 Ill. Adm. Code 125.200(a), with the primary purpose of eliminating, preventing, or reducing water pollution, or as otherwise provided in 35 Ill. Adm. Code 125.200, and are eligible for tax certification from the Board.

WHEREFORE, the Illinois EPA recommends that the Board issue the

requested tax certification.

 Re: Stitzel Hog Farm – Shannon
 Recommendation of Tax Certification
 Log # TC-22-06
 Property Identification # 01-000-091-00 and 01-000-091-10

The Bureau of Water received a request on November 6, 2006 from Stitzel Hog Farm for an Illinois EPA recommendation regarding the tax certification of water pollution control facilities pursuant to 35 Il. Adm. Code 125.204. We offer the following recommendation.

The water pollution control facilities in this request include the following:

Darrell Stitzel
 26711 Illinois Route 72
 Shannon, IL 61078

SE ½ of Section 16, T25N, R6E of the 4th P.M. in Carroll County

Property ID # 01-000-091-00:

Livestock waste management facilities consisting of one concrete manure pit (52 ft. x 24 ft. x 4 ft. deep) with the slotted concrete portion of the floor over the manure pit; one concrete manure pit (96 ft. x 24 ft. x 7 ft. deep) with the slotted concrete portion of the floor over the manure pit; two concrete manure pits (each 48 ft. x 8 ft. x 4 ft. deep) with the slotted concrete portion of the floor over the manure pits; one concrete manure pit (96 ft. x 8 ft. x 6 ft. deep) with the slotted concrete portion of the floor over the manure pit; one concrete manure pit (108 ft. x 41 ft. x 8 ft. deep) with the slotted concrete portion of the floor over the manure pit.

Property ID # 01-000-091-10:

Livestock waste management facilities consisting of one concrete manure pit (196 ft. x 51 ft. x 8 ft. deep) with the slotted concrete portion of the floor over the manure pit.

These livestock waste management facilities are used to collect, transport and/or store livestock wastes prior to cropland application.

These facilities are further described in the enclosed applications and supporting documents.

Based on the information included in this submittal, it is our engineering judgment that the above proposed facilities may be considered "Pollution Control Facilities" under 35 IAC 125.200(a), with the primary purpose of eliminating, preventing, or reducing water pollution, or as otherwise provided in this section, and therefore eligible for tax certification from the Illinois Pollution Control Board. The Bureau of Water therefore recommends that the Board issue the requested tax certification for these facilities.

If you have any questions regarding the above, please contact Thaddeus Faught at 217/782-3362.

Re: Illinois Property Tax: Stitzel Hog Farm -- Shannon
Livestock Waste Pollution Control Facilities
Log No. TC-22-06

① - Concrete slats
② - 8 feet deep

Dear Mr. Stitzel:

The application for Illinois Property Tax Certification received November 6, 2006 for the above listed facilities has been reviewed and the following is offered for your consideration and appropriate action.

1. Please verify that the pits are constructed of concrete and covered with concrete slats. If not covered by concrete slats, please indicate the flooring material.
2. Please indicate the depth (in feet) of the 196 ft. X 51 ft. pit on parcel 01-05-16-400-001.
3. Please provide written verification that you are only seeking certification for the manure pits and slatted floors. Please be advised that walls, building structures, etc. with the primary purpose of housing livestock above the manure pits are not eligible for tax certification.

Please review the subject applications accordingly for the items specified above and submit to the Illinois Environmental Protection Agency so that we may complete the review of the subject application. Please include the above log number on all correspondence.

If you have any questions or comments concerning the above items, please contact me at the above address and telephone number.

Very truly yours,

Thaddeus Faught

List also the final disposal of any contaminants removed from the manufacturing processes. Item (1) - Refers to pollutants and contaminants removed from the process by the pollution control facility. Item (2) - Refers to water pollution but can apply to water-carried wastes from air pollution control facilities. Submit drawings, which clearly show (a) Point(s) of discharge to receiving stream, and (b) Sewers and process piping to and from the control facility. Item (3) - If the collected contaminants are disposed of other than as wastes, state the disposition of the materials, and the value in dollars reclaimed by sale or reuse of the collected substances. State the cost of reclamation and related expense. Item (4) - State the date which the pollution control facility was first placed in service and operated. If not, explain. Item (5) - This information is essential to the certification and assessment actions. This accounting data must be completed to activate project review prior to certification by this Agency.	
	Sec. F	Self-explanatory. Signature must be a corporate authorized signature.
