(LUST Appeal – Ninety Day Extension)

REQUEST FOR NINETY DAY EXTENSION
OF APPEAL PERIOD

NOW COMES the Respondent, the Illinois Environmental Protection Agency (“Illinois EPA”), by one of its attorneys, James G. Richardson, Special Assistant Attorney General, and, pursuant to Section 40(a)(1) of the Illinois Environmental Protection Act (415 ILCS 5/40(a)(1)) and 35 Ill. Adm. Code 105.208, hereby requests that the Illinois Pollution Control Board (“Board”) grant an extension of the thirty-five (35) day period for petitioning for a hearing to October 30, 2007, or any other date not more than a total of one hundred twenty-five (125) days from the date of receipt of the Illinois EPA’s final decision. In support thereof, the Illinois EPA respectfully states as follows:

1. On June 22, 2007, the Illinois EPA issued a final decision to the Petitioner.
2. On July 2, 2007, the Petitioner made a written request to the Illinois EPA for an extension of time by which to file a petition for review, asking the Illinois EPA to join in requesting that the Board extend the thirty-five day period for filing a petition by ninety days. Upon information and belief the Petitioner did receive the final decision on June 27, 2007.

3. The additional time requested by the parties may eliminate the need for a hearing in this matter or, in the alternative, allow the parties to identify issues and limit the scope of any hearing that may be necessary to resolve this matter.

WHEREFORE, for the reasons stated above, the parties request that the Board, in the interest of administrative and judicial economy, grant this request for a ninety-day extension of the thirty-five day period for petitioning for a hearing.

Respectfully submitted,

ILLINOIS ENVIRONMENTAL PROTECTION AGENCY

James G. Richardson
Special Assistant Attorney General

Re: LPC #0290105024 -- Coles County
Charleston / Dunn's University BP
419 West Lincoln Avenue
Leaking UST Incident No. 20000804 and 20060080
Leaking UST Technical File

Dear Mr. Dunn:

The Illinois Environmental Protection Agency (Illinois EPA) has reviewed the Corrective Action Plan (plan) submitted for the above-referenced incident. This plan, dated March 5, 2007, was received by the Illinois EPA on March 8, 2007. Citations in this letter are from the Environmental Protection Act (Act), as amended by Public Act 92-0554 on June 24, 2002, and 35 Illinois Administrative Code (35 Ill. Adm. Code).

The Illinois EPA requires modification of the plan; therefore, the plan is conditionally approved with the Illinois EPA's modifications. The following modifications are necessary, in addition to those provisions already outlined in the plan, to demonstrate compliance with Title XVI of the Act (Sections 57.7(b)(2) and 57.7(c) of the Act and 35 Ill. Adm. Code 734.505(b) and 734.510(a)):

The Illinois EPA wishes to clarify the proposed Highway Authority Agreement for the exclusion of the soil contamination migrating into the roadways must extend to where soil contamination does not exceed the most stringent remediation objectives. The proposed Highway Authority Agreement map does not reflect this.

Please note that all activities associated with the remediation of this release proposed in the plan must be executed in accordance with all applicable regulatory and statutory requirements, including compliance with the proper permits.

In addition, the budget is modified pursuant to Sections 57.7(b)(3) and 57.7(c) of the Act and 35 Ill. Adm. Code 734.505(b) and 734.510(b). Based on the modifications listed in Section 2 of Attachment A, the amounts listed in Section 1 of Attachment A have been approved. Please note

ROCKFORD - 4302 North Main Street, Rockford, IL 61103 - (815) 987-7760 • DES PLAINES - 9511 W. Harrison St., Des Plaines, IL 60016 - (847) 294-4000
ELGIN - 595 South State, Elgin, IL 60123 - (847) 608-3131 • PEORIA - 5415 N. University St., Peoria, IL 61614 - (309) 693-5463
BUREAU OF LAND - PEORIA - 7620 N. University St., Peoria, IL 61614 - (309) 693-5462 • CHAMPAIGN - 2125 South First Street, Champaign, IL 61820 - (217) 278-5800
SPRINGFIELD - 4500 S. Sixth Street Rd., Springfield, IL 62706 - (217) 786-6892 • COLLINSVILLE - 2009 Mall Street, Collinsville, IL 62234 - (618) 346-5120
MARION - 2309 W. Main St., Suite 116, Marion, IL 62959 - (618) 993-7200

that the costs must be incurred in accordance with the approved plan. Be aware that the amount of payment from the Fund may be limited by Sections 57.8(d), 57.8(e), and 57.8(g) of the Act, as well as 35 Ill. Adm. Code 734.630 and 734.655.

NOTE: The plan proposes activities that are technically acceptable. However, for the purpose of payment from the Underground Storage Tank Fund, some of the activities are in excess of those necessary to meet the minimum requirements of the Act and regulations. Owners and operators are advised that they may not be entitled to full payment for this reason. The Illinois EPA will review your complete request for partial or final payment from the Fund after it is submitted to the Illinois EPA. In addition, please note that amended plans and/or budgets must be submitted and approved prior to the issuance of a No Further Remediation (NFR) Letter. Costs associated with a plan or budget that have not been approved prior to the issuance of an NFR Letter will not be paid.

The activities in excess of those necessary to meet the minimum requirements of the Act and regulations are referenced in Attachment A. While it is technically acceptable that these activities be performed, payment from the Fund is not approved.

Pursuant to Sections 57.7(b)(5) and 57.12(c) and (d) of the Act and 35 Ill. Adm. Code 734.100 and 734.125, the Illinois EPA requires that a Corrective Action Completion Report that achieves compliance with applicable remediation objectives be submitted within 30 days after completion of the plan to:

Illinois Environmental Protection Agency
Bureau of Land - #24
Leaking Underground Storage Tank Section
1021 North Grand Avenue East
Post Office Box 19276
Springfield, IL 62794-9276

Please submit all correspondence in duplicate and include the Re: block shown at the beginning of this letter.

Please note that, if within four years after the approval of this plan, compliance with the applicable remediation objectives has not been achieved and a Corrective Action Completion Report has not been submitted, the Illinois EPA requires the submission of a status report pursuant to Section 57.7(b)(6) of the Act.

An underground storage tank system owner or operator may appeal this decision to the Illinois Pollution Control Board. Appeal rights are attached.

Attachment A

Re: LPC # 0290105024 -- Coles County
Charleston / Dunn's University BP
419 West Lincoln Avenue
Leaking UST Incident No. 20000804 and 20060080
Leaking UST Technical File

SECTION 1

The budget was previously approved for:

\$1,367.00	Drilling and Monitoring Well Costs
\$12,635.31	Analytical Costs
\$554,375.90	Remediation and Disposal Costs
\$0.00	UST Removal and Abandonment Costs
\$67,457.14	Paving, Demolition, and Well Abandonment Costs
\$62,201.11	Consulting Personnel Costs
\$345.40	Consulting Materials Costs

As a result of the Illinois EPA's modification(s) in Section 2 of this Attachment A, the following amounts are approved:

\$0.00 -	Drilling and Monitoring Well Costs
\$3,200.88 -	Analytical Costs
\$132,681.50 -	Remediation and Disposal Costs
\$0.00 -	UST Removal and Abandonment Costs
\$9,748.40 -	Paving, Demolition, and Well Abandonment Costs
\$9,471.00 -	Consulting Personnel Costs
1,173.40 -	Consultant's Materials Costs

Handling charges will be determined at the time a billing package is reviewed by the Illinois EPA. The amount of allowable handling charges will be determined in accordance with Section 57.8(f) of the Environmental Protection Act (Act) and 35 Illinois Administrative Code (35 Ill. Adm. Code) 734.635.

Therefore, the total cumulative budget is approved for:

\$1,367.00	Drilling and Monitoring Well Costs
\$15,836.19	Analytical Costs
\$687,057.40	Remediation and Disposal Costs
\$0.00	UST Removal and Abandonment Costs
\$77,205.54	Paving, Demolition, and Well Abandonment Costs
\$71,672.11	Consulting Personnel Costs
\$1,518.80	Consultant's Materials Costs

SECTION 2

1. \$10,000.00 for Building Demolition costs that exceed the maximum payment amounts set forth in Subpart H, Appendix D, and/or Appendix E of 35 Ill. Adm. Code 734. Such costs are ineligible for payment from the Fund pursuant to 35 Ill. Adm. Code 734.630(zz). In addition, such costs are not approved pursuant to Section 57.7(c)(3) of the Act because they are not reasonable.

Pursuant to 35 IAC, Section 734.840(c), the total costs for dismantling and reassembly of above grade structures must not exceed the time and material amounts set forth in Section 734.850 of this Part. The total cost for the destruction and reassembly of above grade structures must not exceed \$10,000.00 per site. The Agency approved \$10,000.00 in costs for destruction of buildings associated with this site in a letter dated July 17, 2006.

2. \$551.25 for costs for the replacement of concrete, asphalt, or paving, except as otherwise provided in 35 Ill. Adm. Code 734.625(a)(16). Such costs are ineligible for payment from the Fund pursuant to 35 Ill. Adm. Code 734.630(oo). In addition, such costs are not approved pursuant to Section 57.7(c)(3) of the Act because they are not site investigation or corrective action costs.

Asphalt replacement under the building exceeds the minimum requirements to comply with Title XVI of the Act and is not a corrective action cost. The Agency has deducted 225 square feet of asphalt replacement costs.

3. \$9,883.06 for costs for Consulting Personnel costs, which exceed the minimum requirements necessary to comply with the Act. Costs associated with site investigation and corrective action activities and associated materials or services exceeding the minimum requirements necessary to comply with the Act are not eligible for payment from the Fund pursuant to Section 57.7(c)(3) of the Act and 35 Ill. Adm. Code 734.630(o).

The Illinois EPA approves the following costs for this section:

32 hours for Sr. Project Manager for all tasks involving the preparation of the Amended Corrective Action plan and associated budget.

2 hours for Sr. Professional Engineer for reviewing the Amended Corrective Action plan and associated budget.

66 hours for Sr. Technician for conducting Field Activities.

10 hours for Sr. Project Manager for reviewing the results of the Field Activities

6 hours for Sr. Administrative Assistant for data entry for all activities.

The additional tasks and titles listed for all activities associated with the Corrective Action remedial design and planning and Amended Corrective Action plan and budget

preparation appear to be duplicative in nature and do not generally require the excessive number of personnel or excessive hours proposed in the budget. Therefore, the Illinois EPA has determined that the above-referenced approved hours and personnel title are adequate to complete the task.

The Illinois approves 1 consulting personnel in the field for 6 days (66 hours). Any additional personnel in the field during corrective action activities exceeds the minimum requirements to comply with the Act. The additional tasks and titles listed for all activities associated with the Field Activities appear to be duplicative in nature and do not generally require the excessive number of personnel or excessive hours proposed in the budget. Therefore, the Illinois EPA has determined that the above-referenced approved hours and personnel titles are adequate to complete the task.

All costs associated with reimbursement activities have been deducted from the budget because reimbursement costs associated with 3 billing packages were approved in the budget approval letter dated July 16, 2006. The tasks approved should not result in the completion of additional reimbursement packages beyond what was already approved.

4. \$518.60 for costs for Consultant's Material costs, which exceed the minimum requirements necessary to comply with the Act. Costs associated with site investigation and corrective action activities and associated materials or services exceeding the minimum requirements necessary to comply with the Act are not eligible for payment from the Fund pursuant to Section 57.7(c)(3) of the Act and 35 Ill. Adm. Code 734.630(o).

The following costs are not eligible for reimbursement:

Utilizing a GSP system for soil investigation activities exceeds the minimum requirements to comply with the regulations.

1 day of vehicle use. The Agency has approved 6 days of vehicle use in conjunction with the 6 proposed days for field activities.

Additionally, the costs associated with OTR permits are not approved as part of this budget. These charges are included in the soil excavation, transportation and disposal rate and the backfill rate, for which a maximum rate of \$58.59 per cubic yard and \$20.56 per cubic yard respectively applies. The costs exceed the maximum payment amounts set forth in Subpart H, Appendix D, and/or Appendix E of 35 Ill. Adm. Code 734. Such costs are ineligible for payment from the Fund pursuant to 35 Ill. Adm. Code 734.630(zz). In addition, such costs are not approved pursuant to Section 57.7(c)(3) of the Act because they are not reasonable.

Appeal Rights

An underground storage tank owner or operator may appeal this final decision to the Illinois Pollution Control Board pursuant to Sections 40 and 57.7(c)(4)(D) of the Act by filing a petition for a hearing within 35 days after the date of issuance of the final decision. However, the 35-day period may be extended for a period of time not to exceed 90 days by written notice from the owner or operator and the Illinois EPA within the initial 35-day appeal period. If the owner or operator wishes to receive a 90-day extension, a written request that includes a statement of the date the final decision was received, along with a copy of this decision, must be sent to the Illinois EPA as soon as possible.

For information regarding the filing of an appeal, please contact:

Dorothy Gunn, Clerk
