AC 08 - 20
Site Code: 0778085005

JURISDICTION

This Administrative Citation is issued pursuant to authority vested in the Illinois Environmental Protection Agency by 415 ILCS 5/1 *et. seq.* (2004), specifically 415 ILCS 5/31.1.

FACTS

1. The Respondent is the present owner and occupant and in control and possession of a facility located in the County of Jackson, State of Illinois.

2. The facility is an open dump, operating without an Illinois Environmental Protection Agency Operating Permit, and designated with the Site Code # 0778085005. The facility is known to the Agency as the Murphysboro/James Moake site.

3. The Respondent has owned, occupied, controlled and/or operated the facility at all relevant times hereto.

4. On January 9, 2008, Don Terry, Field Inspector, Jackson County Health Department, inspected the facility. A true and correct copy of the inspection report, along with Mr. Terry's affidavit, are attached and incorporated herein by reference as Exhibit A.

VIOLATIONS

On the basis of Field Inspector, Don Terry's, direct observation, he has determined that the Respondent has caused or allowed open dumping at the above described facility in a manner that resulted in the following violations:

That on January 9, 2008, an on-site inspection of the facility disclosed the following:

1. The Respondent has caused or allowed litter at the facility in violation of 415 ILCS 5/21(p)(1).
2. The Respondent caused or allowed open burning at the facility in violation of 415 ILCS 5/21(p)(3).
3. The Respondent has caused or allowed the deposition of general construction or demolition; or clean construction or demolition debris in violation of 415 ILCS 5/21(p)(7).

CIVIL PENALTY

In accordance with 415 ILCS 5/42 (b)(4-5), the Respondent is subject to a civil penalty of \$1,500.00 for each of violations specified above. Additionally, should the Respondent elect to petition the Illinois Pollution Control Board under the review process described below, after an adjudicatory hearing, the Respondent shall be assessed the hearing costs incurred by the Pollution Control Board. The hearing cost would be in addition to the \$4,500.00 fine.

If you acknowledge the violations cited herein above, the civil penalty shall be due and payable no later than March 15, 2007. If you do not petition the Pollution Control Board for review of the Administrative Citation within 35 days of service of the Administrative Citation, or contest the Citation, any judgment that may be rendered against you shall specify the due date of the civil fine and any additional costs assessed against

you.

When payment is made, your check should be made payable to the Jackson County's Treasurer Office and mailed to the attention of Shirley Dillinger Booker, Jackson County Treasurer, Murphysboro, Illinois, 62966. Also, please complete and return the enclosed remittance form, along with your payment, to assure proper credit.

If any civil penalty is not paid within the prescribed time, the law allows for the accumulation and payment of interest on the remaining unpaid balance. If any civil penalty is not paid when due, the Office of the State's Attorney shall be requested to initiate proceedings in Circuit Court to collect the penalty. In addition to the civil penalty, hearing costs, and interest, if any, the Jackson County State's Attorney may seek to recover their costs of litigation.

PROCEDURE FOR CONTESTING ADMINISTRATIVE CITATION

You have the right to contest this Citation, pursuant to 415 ILCS 5/31.1. If you elect to contest this Citation, you must file a Petition For Review with the Clerk of the Illinois Pollution Control Board. A copy of the Petition For Review shall be filed with Daniel Brenner, Assistant State's Attorney, Jackson County Courthouse, Third Floor, Murphysboro, Il 62966. **YOUR PETITION FOR REVIEW MUST BE FILED WITHIN 35 DAYS OF THE DATE OF SERVICE OF THE PRESENT CITATION ON YOU. IF YOU FAIL TO FILE YOUR PETITION, A DEFAULT ORDER AGAINST YOU WILL BE ENTERED BY THE POLLUTION CONTROL BOARD.**

Your original Petition must be filed with the Clerk of the Board at:

Clerk
Pollution Control Board
100 West Randolph, Suite 11-500
Chicago, Illinois 60601-3218

A copy must also be sent to:

AFFIDAVIT ORIGINAL

AC08-20

IN THE MATTER OF:

077 808 5005 / Jackson County
Murphysboro / James Moake
COMPLIANCE FILE

Respondent.

Affiant, Don Terry, being first duly sworn, voluntarily deposes and states as follows:

1. Affiant is a field inspector employed by Jackson County Health Department and has been so employed at all times pertinent hereto.
2. On January 9, 2008, between the hours of 11:28 a.m. and 11:48 a.m., Affiant conducted an inspection of the open dump site known as Murphysboro / James Moake, Jackson County, Illinois.
3. Affiant inspected said open dump site by an on-site inspection.
4. As a result of the activities referred to in Paragraphs 2 and 3 above, Affiant completed the Inspection Report form attached hereto and made a part hereof, which, to the best of Affiant's knowledge and belief, is an accurate representation of Affiant's observations and factual conclusions with respect to said James Moake, Murphysboro, Illinois, open dump site.

Inspection Report Document: Open Dump Site Narrative

Date of Inspection: January 9, 2008

Inspector: Don Terry

Site Code: 077 808 5005

County: Jackson

Site Name: Murphysboro / James Moake

Time: 11:28 a.m. – 11:48 a.m.

Location: Lat 37.80102 Long -89.39497

GPS Accuracy: +/- 21 feet

Estimated Volume of Waste at Site: 140 cubic yards

GENERAL REMARKS

This inspection was made as a follow up to an inspection conducted on September 8, 2004 during which open dumping violations were observed. Also on January 3, 2007 a field visit of this site was conducted by this inspector, accompanied by Bart Hagston of the Jackson County Health Department. During the field visit, this inspector spoke with the owner James Moake. During the field visit Mr. Moake said he was working on getting the site cleaned up.

During the stated date and time, I conducted an inspection of the site listed above. From my location near the house I observed that abandoned vehicles and other waste was still open dumped at the site.

Weather conditions at the time of the inspection were: sunny with calm winds and a temperature of approximately 46°F. I was accompanied on this inspection by Bart Hagston of the Jackson County Health Department.

According to the Jackson County Assessor's Office, the site is owned by James Moake Jr.

I arrived at the site and went to the door of the residence. I knocked several times with no response. From the house I observed waste open dumped on the ground. I then began my inspection.

North of the house I observed a shed with waste open dumped and scattered all around it (**Photos #1 - #3, Site Sketch**). The waste include, but was not limited to: plastic and metal containers, metal barrels, plumbing materials, dimensional lumber and cardboard.

East of the shed, I observed an area of open dumped waste that included, but was not limited to: scrap metal, fiberglass insulation, waste tires and plastic items (**Photos #4 & #7, Site Sketch**).

In an area east of the house I observed a burn pile (**Photos #5 - #6, Site Sketch**). The waste in this pile included, but was not limited to: ash, glass, charred dimensional lumber, charred remains of hydraulic hoses, charred particle board, melted plastic, metal wire, nails and landscape waste (**Photos #5 - #6, Site Sketch**). Also, given that the grass and soil in this area was blackened and charred, one could conclude that the open burning of waste had occurred at this location.

South of the house I observed a waste pile that consisted of, but was not limited to: filled plastic bags, a glass bottle, a metal food containers, various plastic containers and a metal gas cylinder (**Photo #8, Site Sketch**). South of this pile I observed two other waste piles (**Photos #9 & #10, Site Sketch**) that consisted of, but were not limited to: cardboard and glass bottles (**Photos #9 - #10, Site Sketch**).

I walked south and observed an abandoned vehicle (**Photos #11 & #12, Site Sketch**). The vehicle was lacking a wheel, had no current Illinois licence plate and the hood was open exposing the engine area to the weather (**Photos #11 & #12, Site Sketch**). At the time of the inspection, this vehicle was not in use, was not useable in its current condition, and was not stored in such a way as to protect any future use.

Southwest of the abandoned vehicle I observed a pile of various types of professional kitchen equipment which had been open dumped in a field (**Photos #13 - #16, Site Sketch Area A**). Much of the equipment had vegetation growing up around and through it, indicating that this material had been exposed to the weather for at least one growing season (**Photos #13 - #16, Site Sketch Area A**). At the time of the inspection, this equipment was not in use, was not useable in its current condition, and was not stored in such a way as to protect any future use. Since a commercial kitchen is not located on this site, it would be reasonable to conclude that this material was transported to this site from another for disposal.

To the south I observed two abandoned vehicles (**Photos #17 - #19, Site Sketch Area B**). I observed these vehicles did not display current Illinois licence plates. I observed that the blue vehicle was missing its top allowing the interior to be exposed to the weather and had the remains of growing vegetation in it (**Photos #17 - #18, Site Sketch Area B**). The white vehicle was missing a door allowing its interior to be exposed to the weather (**Photos #17 & #19, Site Sketch Area B**). At the time of the inspection, these vehicles were not in use, were not useable in their current condition, and were not stored in such a way as to protect any future use. To the east I observed another abandoned vehicle in a field (**Photo #24, Site Sketch**). This vehicle appeared to be the same vehicle, sitting in the same general location that I observed during my November 6, 2003 inspection. At the time of the inspection, this vehicle was not in use, was not useable in its current condition, and was not stored in such a way as to protect any future use.

To the west I observed what appeared to be an abandoned mobile home. I walked west and observed a pile of PVC pipe that was open dumped (**Photo #20, Site Sketch Area B**). I continued walking west and observed a mobile home that had been abandoned (**Photos #21 - #23, Site Sketch Area B**). The mobile home was missing windows and its door allowing the interior to be exposed to the weather (**Photos #21 - #23, Site Sketch Area B**). The door was lying on the ground broken apart and rotting (**Photo #22, Site Sketch Area B**). I also observed an abandoned refrigerator lying against the south wall of the mobile home (**Photo #21, Site Sketch Area B**). At the time of the inspection, the mobile home was not in use, was not useable in its current condition, and was not stored in such a way as to protect any future use.

To the northeast I observed a waste pile (**Photos #25 & #26, Site Sketch Area D**). The waste in this pile included, but was not limited to: landscape waste, paper, cardboard, plastic and laminated wood material.

North of this waste pile I observed another waste pile and an abandoned vehicle (**Photos #27 - #30, Site Sketch Area D**). The waste pile consisted of but was not limited to: dimensional lumber, plastic pipe and a sign containing fluorescent bulbs. The vehicle appeared to be the same vehicle I observed during my January 3, 2007 field visit sitting in the same approximate location. I observed this vehicle was not displaying current Illinois licence plates, was missing a front fender and had vegetation growing up next to it indicating it had been sitting in this same location for at least one growing season. At the time of the inspection, this vehicle was not in use, was not useable in its current condition, and was not stored in such a way as to protect any future use.

The total volume of waste observed at the site was approximately 140 cubic yards.

My inspection ended at approximately 11:48 a.m.

Violations Observed:

Item #1(9)(a): Cause, threaten or allow air pollution in Illinois; Item #2(9)(c): Cause or allow open burning; Item #8(21)(p)(3): Cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site: (3) Open Burning: During the inspection, open dumping that resulted in open burning and which caused, threatened or allowed air pollution in Illinois was observed.

Item #5(21)(a): Cause or allow open dumping; Item #8(21)(p)(1 and 7): Cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site: (1) Litter and (7) Deposition of general construction or demolition debris; or clean construction or demolition debris: During the inspection, the open dumping of waste that resulted in litter and the deposition of general construction or demolition debris was observed.

Item #6(21)(d)(1): Conduct any waste-storage, waste-treatment, or waste-disposal operation: Without a permit: At the time of this inspection, this office had not received from the Illinois Environmental Protection Agency (Agency) information showing that the site owner had received a permit from them to conduct a waste-storage, waste-treatment or waste-disposal operation.

Item #6(21)(d)(2): Conduct any waste-storage, waste-treatment, or waste-disposal operation: In violation of any regulations or standards adopted by the Board: During the inspection, violations of regulations and standards adopted by the Board regarding litter control and daily cover were observed.

Page 4

077 808 5005

Murphysboro / James Moake

January 9, 2008

Item #7(21)(e): Dispose, treat, store, or abandon any waste, or transport any waste into the State at/to sites not meeting requirements of the Act: This site does not meet the requirements of the Act for landfills. Also, given the type and quantity of the waste observed at this site, one could reasonably conclude that the waste had been transported to this site from another.

Item #9(55)(a)(1): No person shall: Cause or allow open dumping of any used or waste tire: During the inspection, waste tires that had been open dumped were observed.

Item #10(812.101)(a): Failure to submit an application for a permit to develop and operate a landfill: At the time of this inspection, this office had no information from the Agency that the site owner had submitted an application to them for a permit to develop and operate a landfill.

Item #15(807.201): Failure to obtain a Developmental Permit to operate a solid waste management site: At the time of this inspection, this office had not received from the Agency documentation that the site owner had obtained from them a Developmental Permit to operate a solid waste management site.

Item #15(807.202): Failure to obtain an Operational Permit to operate a solid waste management site: At the time of this inspection, this office had not received from the Agency documentation that the site owner had obtained from them an Operational Permit to operate a solid waste management site.

Re: Administrative Citation - Murphysboro/James Moake Site
Site Code 0778085005
Inspection Date: January 9, 2008
Date of Service: February 26, 2008

AC08-20

Dear Clerk:

Enclosed for filing with the Board is the Administrative Citation packet issued against James Moake, Murphysboro, Illinois. The site is known as the Murphysbro/James Moake site.

The Respondent's mailing address is 119 Century Lane, Murphysboro, Illinois 62966. Also enclosed with this material is a proof of service showing the respondent was served with a copy of the Citation on February 26, 2008.

Please acknowledge receipt and filing of the enclosed materials. Thank you.

Sincerely,

Daniel Brenner
Assistant State's Attorney
Jackson County, Illinois
