ORDER OF THE BOARD (by G.T. Girard):

On April 17, 2008, at the parties' request, the Board extended until July 6, 2008, the time period for Ameren Energy Generating Company to appeal a February 29, 2008 determination of the Illinois Environmental Protection Agency (Agency). *See* 415 ILCS 5/3.135, 40(a)(1) (2006); 35 Ill. Adm. Code 105.206. The Agency's determination concerns coal combustion by-product (CCB) produced from the combustion of coal used in generating electricity at Ameren's Meredosia Power Station in Morgan County. The Agency granted a beneficial use determination, subject to conditions, for CCB to be used as structural fill in the construction of three roads at the facility. Because Ameren failed to timely file an appeal, the Board dismisses this case and closes the docket.

IT IS SO ORDERED.

I, John Therriault, Assistant Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on July 21, 2008, by a vote of 4-0.
