BOARD PROPOSES UST UPDATE (R90-12)

The Underground Storage Tank (UST) program regulates petroleum and hazardous substances in underground storage tanks. It is mandated by Section 22.4(d) of the Act. It is contained in 35 Ill. Adm. Code 731, which reflects USEPA regulations in 40 CFR 280.

On November 8, 1990, the Board proposed to update the UST rules to include USEPA regulations adopted during the period January 1 through June 30, 1990. The major action during this period was the extension of time for compliance with financial responsibility rules for owners and operators of 13 through 99 USTs.

On October 13, 1990, USEPA also extended the time for compliance by owners of fewer than 13 tanks and units of local government. This extension occurred outside the time frame of this update, and will be addressed in the next update.

R90-12 also will not address the effects of P.A. 86-1050, pending possible revisions to the legislation.

The text of the proposal will appear in the Illinois Register in the near future. To be added to the notice list, contact Morton Dorothy at 217/333-5575.

BOARD ADOPTS SDWA CORRECTIONS (R90-21)

The Safe Drinking Water Act (SDWA) program regulates public water supplies. It is mandated by Section 17.5 of the Act. The SDWA rules are contained in 35 Ill. Adm. Code 611, which reflects USEPA regulations in 40 CFR 141 and 143. The SDWA rules were adopted in R88-26 on August 9, 1990. The text appeared on October 5, 1990, at 14 Ill. Reg. 16517.

On November 29, 1990 the Board adopted corrections to the SDWA rules in R90-21. This involves changing the incorporations by reference and analytical methods to allow the use of the "MMO-MUG" or Colilert" methods for bacterial analysis, and to revise titles to conform with Agency documents belatedly received in R88-26.

The current SDWA update is pending in R90-13.

The text of R90-21 will appear in the Illinois Register in the near future. Questions should be addressed to Morton Dorothy at 217/333-5575

BOARD AND STAFF ACTIVITIES

On November 15, 1990, Board Member Bill Forcade and

Board Assistant Margaret Dolan Fliss gave a speech to the graduate students in Professor Martin Jaffe's course on environmental affairs at the University of Illinois at Chicago Circle Campus. The speech was an overview of environmental control of toxic chemicals.

FOR YOUR INFORMATION

The Lake Michigan States Section of the Air and Waste Management Association (LM-AWMA) will hold its annual "Waste in the Heartland" conference on February 27-March 1, 1991, at the Marriott Hotel, 540 North Michigan Avenue, in Chicago. Sessions on Siting, Remediation, RCRA, Superfund, Risk Assessment, Recycling, and Municipal Waste are included. Keynote speakers will include leaders from Industry, Politics, and EPA. Experts on waste issues will be available in an exhibit area, and an optional tour of an incinerator and waste disposal facility will be offered. Call Kathleen Conway at 312/814-3469 to receive a registration form.
