Dear Respected Members of the Illinois Pollution Control Board,

My request, simply stated, please deny Peoria Disposal Company's request to delist electric arc furnace dust (AS 2008-010). For many sound reasons.

Please help us in this large community preserve the pure drinking water for ourselves and our many descendent generations. Most of us believe that the ideal solution would be to close this toxic waste dump as soon as possible.

Thank you for your efforts,

William Parr and family
