

**ILLINOIS POLLUTION CONTROL BOARD**

IN THE MATTER OF:  
PROPOSED AMENDMENTS TO THE  
BOARD'S SPECIAL WASTE REGULATIONS  
CONCERNING USED OIL  
35 ILL. ADM. CODE 808, 809

R06-20  
(Rulemaking – Land)

NORA'S MOTION FOR  
EXTENSION OF TIME TO  
FILE COMMENTS

NORA, An Association of Responsible Recyclers ("NORA") hereby requests an extension of time in which to submit pre-filed comments to the Board. NORA requests that NORA be allowed until Monday, September 22, 2008 to submit its pre-filed comments.

The reason for this request is a fire which occurred on September 11<sup>th</sup> and 12<sup>th</sup> which consumed much the law office and records of NORA's General Counsel, Christopher Harris. A newspaper article concerning the file appeared in the Bozeman (Montana) Daily Chronicle on September 13 and can be read on-line ([bozemandailychronicle.com](http://bozemandailychronicle.com)). The records included numerous documents relating to the rulemaking in the above-captioned matter. In addition to the destruction of the documents, there has been a major disruption of normal law office communications such as the fax line. Diligent efforts are being made to reconstruct the file in this matter.

The undersigned has contacted Stephanie Flowers, counsel for the Illinois EPA in this matter, who stated that she has no objection to the proposed extension.

Respectfully submitted,

---
