RECEIVED
CLERK'S OFFICE

JAN 27 2009

STATE OF ILLINOIS
Pollution Control Board

Clerk of the Illinois Pollution
Control Board
James R. Thompson Center - Suite 11 500
100 West Randolph Street
Chicago, Illinois 60601

There has been an unprecedented and malicious abuse of EPA authority and regulations involved, for the past several years, and which resulted in a BOGUS "Seal Order" and a chained barricade placed across our driveway to a private residence, located on a 16-acre farm-zoned land, without any due process, as a criminal manipulation of the legitimate EPA regulations, to enforce "private homeowners association's By-laws", as residential deed restrictions, and as a state interference into the obligations of a private contract, for the specific use and development of the land. (No pollution in existence).

Under 415 ILCS, Sec. 5/34 (d), and as required under Section 32, I would request a hearing, for the removal of the unconstitutional chained barricade, and to enjoin further "state occupation and reprisals", to be conducted by mail.

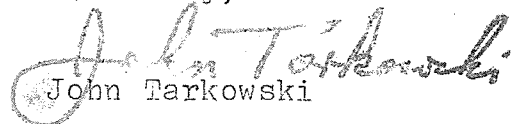

I am an 83 year old disabled and indigent World War II vet, unable to travel more than a few miles, due to medical problems, and I would request that I proceed in Forma Pauperis.

Among the issues are a request for a list of "hazardous materials and liquids", identifying individual items or liquids, that a citizen is not permitted to own or use at home, for personal uses, the identity of the statute or regulation, that authorizes entry onto private property, to search, seize and confiscate and destroy and haul away consumer products, selectively, against this targeted citizen, even if it violates the Fourteenth Amendment, and by what authority does the state enforce private deed restrictions, for private parties.

My subpoena duces tecums and FOIA requests have been denied and refused arbitrarily, in state and federal courts, by coercion and undue influence and corruption.

I would appreciate your cooperation in this matter.

Cordially,

John Tarkowski
