**HEARING OFFICER ORDER**

On April 9, 2009, a telephonic status conference was held. The complainant represented that after some delay, the complete monitoring data will be available regarding the “55<sup>th</sup> Street sewer issue” in approximately 60 days. It was also noted that construction of the stormwater treatment/management facility continues. Settlement negotiations continue with respondent Metropolitan Water Reclamation District of Greater Chicago.

The parties or their legal representatives are directed to participate in a telephonic status conference with the hearing officer on June 25, 2009, at 10:30 a.m. The telephonic status conference must be initiated by the complainant, but each party is nonetheless responsible for its own appearance. The complainant represented that it will notify the parties and the hearing officer of a call-in number prior to the next telephonic status conference. At the status conference, the parties must be prepared to discuss the status of the above-captioned matter and their readiness for hearing.

IT IS SO ORDERED.
