

To Whom it Concerns:

AC0944

This violation was a result of uncontrollable circumstances. I was unaware that there was still a violation on my property. I followed the guidelines set forth by the EPA on the last violation up until I received this last violation. I had not spoke to or heard from Mr Gross about this matter being resolved or the violation still being an on going issue.

I will follow any order from the EPA to get this matter resolved as soon as possible

Thank You
