**HEARING OFFICER ORDER**

On September 10, 2009, all parties participated in a telephonic status conference with the hearing officer. Complainant reported that its consultants have forwarded its report to the Metropolitan Reclamation District for its review. Matters are proceeding, albeit a little behind schedule. The Village of Hinsdale represents that construction is underway for the flow facility, including construction of the underground tank. Due to a number of issues, the construction is running behind schedule but it is anticipated that it will be completed by October 2009. The Village also represents that they continue to await a draft NPDES permit from the Illinois Environmental Protection Agency.

The parties or their legal representatives are directed to participate in a telephonic status conference with the hearing officer on November 18, 2009, at 11:00 a.m. The telephonic status conference must be initiated by the complainant, but each party is nonetheless responsible for its own appearance. The complainant represented that it will notify the parties and the hearing officer of a call-in number prior to the next telephonic status conference. At the status conference, the parties must be prepared to discuss the status of the above-captioned matter and their readiness for hearing.

IT IS SO ORDERED.

A handwritten signature in black ink, reading "Bradley P. Halloran", is positioned above a solid horizontal line.

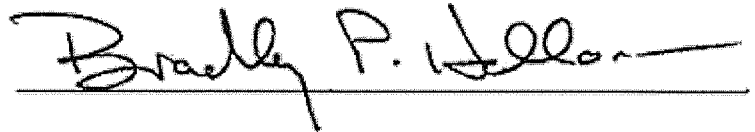

Bradley P. Halloran
