HEARING OFFICER ORDER

On April 20, 2010, all parties participated in a telephonic status conference with the hearing officer. Complainant represented that matters are still proceeding with technical meetings and site visits taking place. A draft master plan regarding the 55th street issue is being circulated in an attempt to elicit comments. Sewer flows are also being reviewed.

The Village of Hinsdale represents that construction is underway for the flow facility, including construction of the underground tank. The facility is operational but not completed.

The parties or their legal representatives are directed to participate in a telephonic status conference with the hearing officer on July 22, 2010, at 11:00 a.m. The telephonic status conference must be initiated by the complainant, but each party is nonetheless responsible for its own appearance. The complainant represented that it will notify the parties and the hearing officer of a call-in number prior to the next telephonic status conference. At the status conference, the parties must be prepared to discuss the status of the above-captioned matter and their readiness for hearing.

IT IS SO ORDERED.
