ORIGINAL

Illinois Control Board,

I am writing to you to request more time to get the property known as "Murphysboro/Frances Klink site" cleaned up. I have gotten several loads off the dump so far (which I have receipts for). I have also gotten some of the places that they took pictures of already cleaned up (pictures inclosed). My yard is not an open dumping site of waste. I buy used tires to use on my vehicles they aren't waste. Over the years between my father, sister & I we have accumulated this stuff. This stuff is mine from many years I don't allow other people to dump their stuff. I am trying to get it cleaned up as fast as I can. I am 70 years old so I don't move as good as I used to. The open burning has been there for several years I just hadn't had time to get it all cleaned up. Some of the open burning was done by my renter & she moved so I'm left with her mess. The only burning done on my property is the logs & trees that we are trying to get cut up & cleaned up from the May 2009 storm. I am requesting that you give me an extension please so I can get this cleaned up. I can't afford to pay any penalty fines I am on a fixed income. I would like you to take into consideration that I have been cooperating with you to get this cleaned up in a timely manner. Some of what you call a mess is my piles where I'm trying to separate it so I can get it hauled off.

Thank you,

*Frances Klink*
