INTERIM ORDER OF THE BOARD (by J. Anderson):

On February 19, 1988, the Village of Lake Villa (Lake Villa) petitioned for variance from the treatment plant operator certification requirements for the type or size of Lake Villa's sewage treatment plant (STP).

The contents of the petition are insufficient. In reference to the Board's procedural rules 35 Ill. Adm. Code 104.121, Lake Villa is ordered to provide the following information:

- 1) Is the Board correct in assuming that Lake Villa is requesting variance from the 35 Ill. Adm. Code 312.101 Prohibition?
- 2) What is the length of time, giving the specific date, for which the variance is requested?
- 3) When does Lake Villa anticipate that its present Class 3 operator will receive Class 2 certification?
- 4) What are the details of the agreement entered into by Lake Villa with a "neighboring Village"? Identify the Village and the relationship between the variance relief sought and the terms of the agreement?
- 5) Clarify and specify regarding the in-house and contractual operator, in terms of function, time and dollars that will be spent or saved, what Lake Villa means or intends to do when it states:

Using an outside contractor is costly when our present operator could qualify with a variance, so the funds could be used for improvements versus wages.

All records and data will be monitored and we will have a qualified operator on stand-by for a more supervisory control.

- 6) How long has Lake Villa been operating without a Class 2 operator? Give Lake Villa's past efforts to comply, including costs incurred and results achieved.
- 7) Give supporting factual information why there will be no environmental impact should variance be granted. How long has the STP been on critical review, and why; what have been the environmental effects?

Unless an amended petition is filed within 45 days of the date of this Order, curing the above-noted defects, this matter will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Interim Order was adopted on the 25<sup>th</sup> day of February, 1988, by a vote of 6-0.
