OPINION AND ORDER OF THE BOARD (by J.A. Burke)

The Board today adopts amendments to its waste disposal regulations. *See* 35 Ill. Adm. Code 807.Subpart F and Appendix A, and 811.Subpart G and Appendix A.

The Illinois Environmental Protection Agency (Agency) initiated this proceeding by filing a rulemaking proposal on July 27, 2009 (Ag. Prop.), which was assigned docket R10-9 by the Board. After conducting two public hearings in R10-9 and considering the entire record, the Board adopted amendments to its waste disposal regulations. At the same time, the Board noted additional amendments proposed by the Agency following the Board's second notice opinion and order in R10-9. The Board determined that the best course of action would be to open a Subdocket A to address the additional Agency amendments. This Subdocket A was therefore opened specifically to address the Agency's additional proposals.

The Agency's original proposal updated specific segments of the Board's non-hazardous solid waste landfill regulations. The segments relate to financial assurance. The purpose of the financial assurance rules is to establish requirements for performance bonds and other securities insuring closure and post-closure care and corrective action at non-hazardous waste landfill sites. The Agency wanted the Board to update the rules to correspond with the hazardous waste financial assurance standards derived from the federal Resource Conservation and Recovery Act (RCRA) Subtitle C (42 U.S.C. 6921 *et seq.* (2007)) hazardous waste regulations and the Board's other financial assurance programs. In addition to the changes proposed by the Agency, the Board on its own motion corrected a typographical error under 35 Ill. Adm. Code Part 811 Subpart C. The subject matter of the Agency proposal along with the additional changes proposed by the Board are described in detail in R10-9.

On June 16, 2011, the Board proposed for first notice publication the amendments to its waste disposal regulations. The Board issued a second notice opinion and order on September 8, 2011. At its meeting on October 11, 2011, the Joint Committee on Administrative Rules (JCAR) issued a certificate of no objection to the Board's proposal.

In the opinion below, the Board first provides the procedural history of this rulemaking. The Board then briefly summarizes the Agency's original proposal before summarizing the Agency's additional amendments. Finally, the Board concludes this opinion.

The order following this opinion directs the Clerk to provide for publication of the adopted rules in the *Illinois Register*.

### **PROCEDURAL HISTORY**

On July 27, 2009, the IEPA filed a proposal for a statewide general rulemaking, requesting that the Board update specific segments of the Illinois non-hazardous solid waste landfill regulations. In an August 6, 2009 order, the Board accepted the Agency's proposal for hearing and granted the Agency leave to file fewer than four copies of each document proposed for incorporation by reference. The Board docketed the proposal as R10-9.

In a letter dated October 5, 2009, the Board requested that the Department of Commerce and Economic Opportunity (DCEO) conduct an economic impact study of the Agency's rulemaking proposal in R10-9. *See* 415 ILCS 5/27(b) (2008). As of the date of this order, the DCEO has not responded to this request.

On March 26, 2010, hearing officer Daniel Robertson scheduled a hearing in R10-9 to be held on May 11, 2010, in Springfield, Sangamon County. On April 21, 2010, the Agency submitted the pre-filed testimony of Mr. Brian S. White (Hearing Exh. 1). No other filings were received. The hearing took place as scheduled on May 11, 2010. During the hearing, the hearing officer admitted Mr. White's pre-filed testimony as the only exhibit into the record.

In an order dated May 14, 2010, the hearing officer scheduled a second hearing in R10-9 on July 15, 2010 in Chicago, Cook County. On June 15, 2010, the Agency pre-filed the testimony of Mr. White and Errata Sheet Number 1. No other filings were received.

During the hearing, the hearing officer admitted two exhibits into the record. Those exhibits were: *Errata* Sheet Number 1; and Pre-Filed testimony of Brian S. White.

Final comments in R10-9 were due by August 16, 2010. No final comments nor any other filings were received. On February 3, 2011, the Board adopted the proposal in R10-9 for first notice publication. This notice was published in the *Illinois Register* on February 25, 2011.

On February 23, 2011, JCAR filed its changes to the proposal in R10-9.

The Board received one public comment during the public comment filing period filed by the Agency on April 11, 2011.

On April 21, 2011, the Board adopted a second notice opinion and order in R10-9 for review by JCAR. On May 6, 2011, the Agency filed a second public comment (PC2).

At its meeting on May 10, 2011, JCAR issued a certificate of no objection to the Board's proposed amendments in R10-9.

On June 16, 2011, the Board issued a final adoption order in R10-9. In that same order, the Board created this Subdocket A to address concerns raised in the Agency's second public comment.

Further, on June 16, 2011, the Board issued its first notice opinion and order in this Subdocket A. The notice was published in the *Illinois Register* on July 8, 2011. See 35 Ill. Reg. 10490 (July 8, 2011). On July 6, 2011, JCAR filed its first notice version for use in creating second notice changes for Parts 807, 811 (JCAR filing). The Board did not receive any other comments on the proposed rulemaking.

On September 8, 2011, the Board adopted the proposal for second notice review by JCAR. At its meeting on October 11, 2011, JCAR issued a certificate of no objection to the Board's proposal.

### **BRIEF SUMMARY OF AGENCY'S ORIGINAL PROPOSAL**

The Agency's proposal in R10-9 summarized the main purpose of the financial assurance rules as follows:

[T]o establish requirements for performance bonds and other securities insuring closure and post-closure care and corrective action at non-hazardous waste disposal sites and to prescribe the conditions under which the State of Illinois is entitled to collect monies from these instruments. Ag. Prop. at 1-2.

The proposed amendments were intended to bring consistency throughout the Board's financial assurance programs. Ag. Prop. at 2. The financial assurance rules under the Board's non-hazardous waste provisions were adopted in 1985 for Part 807, Subpart F (R84-22C) and in 1990 for Part 811, Subpart G (R88-7). Besides three identical in substance rulemakings in 1993 (R93-10), 1997 (R97-20), and 1999 (R99-1), the Agency stated that the rules remained substantially unchanged since they were adopted. Ag. Prop. at 1.

One of the primary reasons for the proposed amendments was to add "evergreen" renewal language and reduce terms in bonds and letters of credit. Ag. Prop. at 2-3. The Agency anticipated this will "result in an increase in the availability of these instruments as a financial assurance option for more landfills." Hearing Exh. 1 at 3.

### **ADDITIONAL COMMENTS OF THE AGENCY**

On May 5, 2011, the Agency filed its Additional Comments of the Illinois Environmental Protection Agency (PC2). Upon reviewing the Board's second notice proposal, the Agency requested three new substantive changes and three corrections previously noted by the Agency. PC2 at 1-2. The corrections were present in the Board's final adoption order in R10-9.

Under the Board's procedural rules, the Board was unable to make substantive changes to the proposed regulations in R10-9 after the beginning of the second notice period, except in response to objections or suggestions from JCAR. 35 Ill. Adm. Code 102.606(b). Since JCAR did not propose the changes suggested by the Agency, the Board was unable to make those changes to its proposal at the time.

The Agency's additional comments addressed three substantive proposals as follows. The Agency stated that, at Section 807.663(f)(3), the phrase "to cover the increase" should be deleted since a performance bond cannot be combined with other types of financial assurance. PC2 at 1, citing 35 Ill. Adm. Code 807.641, Use of Multiple Financial Mechanisms. The Agency also requested that this same change be made at Section 811.712(f)(3). PC2 at 1. The final substantive change requested by the Agency was to restore a signature line which was inadvertently deleted in Section 807.Appendix A, Illustration E. PC2 at 1. The Agency noted that restoring this line would be identical to 811.Appendix A, Illustration E. PC2 at 1.

The Agency's proposal also included three corrections which the Agency stated were not previously remedied. The Agency proposed that in Section 811.Appendix A, Illustration D, paragraph 8, the language "met one or more of the conditions described above" should be used instead of the language "failed to fulfill one or more of the conditions described in this document." PC2 at 2. The Board noted that this change is consistent to that made in R10-9 in Section 807.Appendix A, Illustration D. The Agency further stated that in Section 811.Appendix A, Illustration D, paragraph 12, the last phrase of the sentence should be restored to "date set forth above" to reference the first line of the bond which is "Date bond executed" and to be identical to 807.Appendix A, Illustrations C and D. PC2 at 2. The Agency requested that this same change be made in Section 811.Appendix A, Illustration H, paragraph 8. PC2 at 2. These three corrections were included in the Board's final adoption order.

## **DISCUSSION**

The Agency's proposal in R10-9 stated, "[t]he main purpose of the amendments . . . is to provide consistency throughout the Board's financial assurance programs . . ." Ag. Prop. at 2-3. The Agency noted the financial assurance rules have remained substantially unchanged since they were adopted and the amendments in R10-9 reflected several updates and revisions to bring consistency. *Id.* at 1. In addition, based on the past 25 years of administering the financial assurance program, the Agency proposed amendments to language it identified as problematic or misunderstood. Hearing Exh. 1 at 6.

The Board's analysis of the Agency's original proposal is detailed in R10-9. On June 16, 2011, the Board proceeded to first notice publication on the additional Agency proposed amendments without holding any further hearings to those already held in R10-9. The Board noted that the Agency or members of the public may request a hearing within the 45-day public comment period and the Board may hold additional hearings if necessary. As of the date of this order, the Board has not received any requests for an additional hearing.

The Board at first notice included two additional amendments which were unintentionally omitted following the Board's second notice opinion and order in R10-9. The Board noted that

these additional amendments, although omitted, were present in the Board's second notice opinion and order and were consistent with the amendments adopted in R10-9.

The Board incorporated at second notice a non-substantive, grammatical change included in the JCAR filing.

### **CONCLUSION**

The Board proposes to update waste disposal regulations in Parts 807 and 811. In the order below, the Board directs the Clerk to submit the adopted amendments to the Secretary of State for publication in the *Illinois Register*.

### **ORDER**

The Board directs the Clerk to submit the following adopted amendments to the Secretary of State for publication in the *Illinois Register*. Proposed additions are underlined, and proposed deletions appear stricken.

## SUBPART F: FINANCIAL ASSURANCE FOR CLOSURE AND POST-CLOSURE CARE

### **Section 807.663 Surety Bond Guaranteeing Performance**

- a) An operator may satisfy the requirements of this Subpart by obtaining a surety bond that conforms to the requirements of this Section and submitting the bond to the Agency.
- b) The surety company issuing the bond must be licensed by the Illinois Department of Insurance, pursuant to the Illinois Insurance Code [215 ILCS 5], or at a minimum the insurer must be licensed to transact the business of insurance, or approved to provide insurance as an excess or surplus lines insurer, by the insurance department in one or more states, and approved by the U.S. Department of the Treasury as an acceptable surety.

BOARD NOTE: The U.S. Department of the Treasury lists acceptable sureties in its Circular 570.

- c) The surety bond must be on the form specified in Appendix A, Illustration D.
- d) Any payments made under the bond will be placed in the Landfill Closure and Post-Closure Fund within the State Treasury.
- e) Conditions:
  - 1) The bond must guarantee that the operator will:
    - A) Provide closure and post-closure care in accordance with the closure and post-closure care plans in the permit; and

- B) Provide alternate financial assurance, as specified in this Subpart, and obtain the Agency's written approval of the assurance provided within 90 days after receipt by both the operator and the Agency of a notice from the surety that the bond will not be renewed for another term.
- 2) The surety will become liable on the bond obligation when, during the term of the bond, the operator fails to perform as guaranteed by the bond. The operator fails to perform when the operator:
- A) Abandons the site;
  - B) Is adjudicated bankrupt;
  - C) Fails to initiate closure of the site or post-closure care when ordered to do so by the Board or a court of competent jurisdiction;
  - D) Notifies the Agency that it has initiated closure, or initiates closure, but fails to close the site or provide post-closure care in accordance with the closure and post-closure care plans; or
  - E) Fails to provide alternate financial assurance, as specified in this Subpart, and obtain the Agency's written approval of the assurance provided within 90 days after receipt by both the operator and the Agency of a notice from the surety that the bond will not be renewed for another term.
- 3) Upon the failure of the operator to perform as guaranteed by the bond, the surety shall have the option of providing closure and post-closure care in accordance with the closure and post-closure care plans, or of paying the penal sum.
- f) Penal sum:
- 1) The penal sum of the bond must be in an amount at least equal to the current cost estimate.
  - 2) Whenever the current cost estimate decreases, the penal sum may be reduced to the amount of the current cost estimate, following written approval by the Agency.
  - 3) Whenever the current cost estimate increases to an amount greater than the penal sum, the operator, within 90 days after the increase, must either cause the penal sum to be increased to an amount at least equal to the current cost estimate and submit evidence of the increase to the Agency or obtain other financial assurance, as specified in this Subpart, ~~to cover the~~

~~increase~~ and submit evidence of the alternate financial assurance to the Agency.

- g) Term:
- 1) The bond shall be issued for a term of at least one year and shall not be cancelable during that term.
  - 2) The surety bond must provide that, on the current expiration date and on each successive expiration date, the term of the surety bond will be automatically extended for a period of at least one year unless, at least 120 days before the current expiration date, the surety notifies both the operator and the Agency by certified mail of a decision not to renew the bond. Under the terms of the surety bond, the 120 days will begin on the date when both the operator and the Agency have received the notice, as evidenced by the return receipts.
  - 3) The Agency shall release the surety by providing written authorization for termination of the bond to the operator and the surety when either of the following occurs:
    - A) An operator substitutes alternate financial assurance, as specified in this Subpart; or
    - B) The Agency releases the operator from the requirements of this Subpart in accordance with Section 807.606(b) of this Part.
- h) Cure of default and refunds:
- 1) The Agency shall release the surety if, after the surety becomes liable on the bond, the operator or another person provides financial assurance for closure and post-closure care of the site, unless the Agency determines that a plan or the amount of substituted financial assurance is inadequate to provide closure and post-closure care as required by this Part.
  - 2) After closure and post-closure care have been completed in accordance with the plans and requirements of this Part, the Agency shall refund any unspent money that was paid to the Agency by the surety subject to appropriation of funds by the Illinois General Assembly.
- i) The surety will not be liable for deficiencies in the performance of closure by the operator after the Agency releases the operator from the requirements of this Subpart.

## SUBPART G: FINANCIAL ASSURANCE

### Section 811.712 Surety Bond Guaranteeing Performance

- a) An owner or operator may satisfy the requirements of this Subpart by obtaining a surety bond which conforms to the requirements of this Section and submitting the bond to the Agency. A surety bond obtained by an owner or operator of an MSWLF unit must be effective before the initial receipt of waste or before April 9, 1997 (the effective date of the financial assurance requirements under RCRA Subtitle D regulations), or such later date granted pursuant to Section 811.700(g), whichever is later, in the case of closure and post-closure care, or no later than 120 days after the remedy has been selected in accordance with the requirements of Section 811.325.
- b) The surety company issuing the bond shall be *licensed to transact the business of insurance by the Department of Insurance*, pursuant to the Illinois Insurance Code [215 ILCS 5], *or at a minimum the insurer must be licensed to transact the business of insurance or approved to provide insurance as an excess or surplus lines insurer by the insurance department in one or more states*, and approved by the U.S. Department of the Treasury as an acceptable surety. [415 ILCS 5/21.1(a.5)]

BOARD NOTE: The U.S. Department of the Treasury lists acceptable sureties in its Circular 570.

- c) The surety bond must be on the forms specified in Appendix A, Illustration D.
- d) Any payments made under the bond will be placed in the Landfill Closure and Post-Closure Fund within the State Treasury.
- e) Conditions:
  - 1) The bond must guarantee that the owner or operator will:

- A) Provide closure and post-closure care in accordance with the closure and post-closure care plans in the permit and, if the bond is a corrective action bond, provide corrective action in accordance with Section 811.326; and
  - B) Provide alternative financial assurance, as specified in this Subpart, and obtain the Agency's written approval of the assurance provided within 90 days after receipt by both the owner or operator and the Agency of a notice from the surety that the bond will not be renewed for another term.
- 2) The surety will become liable on the bond obligation when, during the term of the bond, the owner or operator fails to perform as guaranteed by the bond. The owner or operator fails to perform when the owner or operator:
- A) Abandons the site;
  - B) Is adjudicated bankrupt;
  - C) Fails to initiate closure of the site or post-closure care or corrective action when ordered to do so by the Board pursuant to Title VIII of the Act, or when ordered to do so by a court of competent jurisdiction;
  - D) Notifies the Agency that it has initiated closure or corrective action, or initiates closure or corrective action, but fails to close the site or provide post-closure care or corrective action in accordance with the closure and post-closure care or corrective action plans.
  - E) For a corrective action bond, fails to implement corrective action at an MSWLF unit in accordance with Section 811.326; or
  - F) Fails to provide alternative financial assurance, as specified in this Subpart, and obtain the Agency's written approval of the assurance provided within 90 days after receipt by both the owner or operator and the Agency of a notice from the surety that the bond will not be renewed for another term.
- 3) Upon failure of the owner or operator to perform as guaranteed by the bond, the surety shall have the option of:
- A) providing closure and post-closure care in accordance with the closure and post-closure care plans; or

- B) carrying out corrective action in accordance with the corrective action plan; or
  - C) paying the penal sum.
- f) Penal sum:
- 1) The penal sum of the bond must be in an amount at least equal to the current cost estimate.
  - 2) Whenever the current cost estimate decreases, the penal sum may be reduced to the amount of the current cost estimate following written approval by the Agency.
  - 3) Whenever the current cost estimate increases to an amount greater than the penal sum, the owner or operator, within 90 days after the increase, must either cause the penal sum to be increased to an amount at least equal to the current cost estimate and submit evidence of that increase to the Agency or obtain other financial assurance, as specified in this Subpart, ~~to cover the increase~~ and submit evidence of the alternative financial assurance to the Agency.
- g) Term:
- 1) The bond must be issued for a term of at least one year and must not be cancelable during that term.
  - 2) The surety bond must provide that, on the current expiration date and on each successive expiration date, the term of the surety bond will be automatically extended for a period of at least one year unless, at least 120 days before the current expiration date, the surety notifies both the owner or operator and the Agency by certified mail of a decision not to renew the bond. Under the terms of the surety bond, the 120 days will begin on the date when both the owner or operator and the Agency have received the notice, as evidenced by the return receipts.
  - 3) The Agency shall release the surety by providing written authorization for termination of the bond to the owner or operator and the surety when either of the following occurs:
    - A) An owner or operator substitutes alternative financial assurance, as specified in this Subpart; or
    - B) The Agency releases the owner or operator from the requirements of this Subpart in accordance with 35 Ill. Adm. Code 813.403(b).

- h) Cure of default and refunds:
- 1) The Agency shall release the surety if, after the surety becomes liable on the bond, the owner or operator or another person provides financial assurance for closure and post-closure care of the site or corrective action at an MSWLF unit, unless the Agency determines that the closure or post-closure care plan, corrective action at an MSWLF unit, or the amount of substituted financial assurance is inadequate to provide closure and post-closure care or implement corrective action at an MSWLF unit in compliance with this Part.
  - 2) After closure and post-closure care have been completed in accordance with the closure and post-closure care plans and the requirements of this Part or after the completion of corrective action at an MSWLF unit in accordance with Section 811.326, the Agency shall refund any unspent money which was paid into the "Landfill Closure and Post-Closure Fund" by the surety, subject to appropriation of funds by the Illinois General Assembly.
- i) The surety will not be liable for deficiencies in the performance of closure by the owner or operator after the Agency releases the owner or operator from the requirements of this Subpart.

BOARD NOTE: MSWLF corrective action language at subsection (a) is derived from 40 CFR 258.74(b)(1) (1996). P.A. 89-200, signed by the Governor on July 21, 1995 and effective January 1, 1996, amended the deadline for financial assurance for MSWLFs from April 9, 1995 to the date that the federal financial assurance requirements actually become effective, which was April 9, 1997. On November 27, 1996 (61 Fed. Reg. 60337), USEPA added 40 CFR 258.70(c) (1996), codified here as Section 811.700(g), to allow states to waive the compliance deadline until April 9, 1998. The other clarifying changes reflect the inclusion of financial assurance requirements for implementing corrective action at MSWLF units under this Section.
