NARRATIVE

On September 26, 2011, I (Jeff Port) performed a follow-up inspection at the Julie Webber property located at 404 Willow Street in La Fayette. The purpose of this inspection was to determine if compliance had been achieved with respect to violations observed during a July 15, 2010 complaint investigation (C-2010-036-P).

I arrived at the site at 9:50 AM. The weather was overcast and cool, approximately 50 Degrees F. No one was present at the property. I immediately observed that additional vehicles were present on site. Most of the vehicles appeared to be inoperable. Weeds were overgrown throughout the property making it difficult to see material on the ground. Photographs P1 and P2 show the entrance to the site. A hay rack is seen here containing a variety of waste. Photograph P3 shows a truck with a waste tire and other domestic waste in the bed. Photograph P4 shows a waste tire and other discarded domestic waste near the house and garage. Photograph P5 shows a large pile of waste on the ground. Photograph P6 shows a trailer containing demolition debris. Photographs P7 through P14, P16, and P17 show various piles of tires throughout the property. Photograph P15 shows a boat and some plastic drums. Photograph P18 shows a pile of what appears to be telephone poles. Photographs P19 through P21 show several of the vehicles present on the property. It appears that more waste has been brought to the site. After photographing the site, I left at approximately 10:10 AM.

Based upon this inspection, the following continuing violations were observed and are indicated on the accompanying checklist:

1. Pursuant to Section 12(a) of the {Illinois} Environmental Protection Act (415 ILCS 5/12(a)), no person shall cause or threaten or allow the discharge of any contaminants into the environment in any State so as to cause or tend to cause water pollution in Illinois, either alone or in combination with the matter from other sources, or so as to violate regulations or standards adopted by the Pollution Control Board under this Act.

A violation of Section 12(a) is alleged for the following reason: **The discharge of contaminants was caused, threatened, or allowed, so as to cause or tend to cause water pollution in Illinois.**

2. Pursuant to Section 12(d) of the {Illinois} Environmental Protection Act (415 ILCS 5/12(d)), no person shall deposit any contaminants upon the land in such place and manner so as to create a water pollution hazard.

A violation of Section 12(d) is alleged for the following reason: **Contaminants were deposited upon the land in such place and manner so as to create a water pollution hazard.**

3. Pursuant to Section 21(a) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(a)), no person shall cause or allow the open dumping of any waste.

A violation of Section 21(a) is alleged for the following reason: **Evidence of open dumping of waste was observed during the inspection.**

4. Pursuant to Section 21(d)(1) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(d)(1)), no person shall conduct any waste-storage, waste-treatment, or waste-disposal operation without a permit granted by the Agency or in violation of any conditions imposed by such permit.

A violation of Section 21(d)(1) is alleged for the following reason: **Waste was disposed without a permit granted by the Illinois EPA.**

5. Pursuant to Section 21(d)(2) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(d)(2)), no person shall conduct any waste-storage, waste-treatment, or waste-disposal operation in violation of any regulations or standards adopted by the Board under this Act.

A violation of Section 21(d)(2) is alleged for the following reason: **A waste disposal operation was conducted in violation of regulations adopted by the Illinois Pollution Control Board.**

6. Pursuant to Section 21(e) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(e)), no person shall dispose, treat, store or abandon any waste, or transport any waste into this State for disposal, treatment, storage or abandonment, except at a site or facility which meets the requirements of this Act and of regulations and standards thereunder.

A violation of Section 21(e) is alleged for the following reason: **Waste was disposed at this site which does not meet the requirements of the Act and regulations thereunder.**

7. Pursuant to Section 21(p)(1) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(p)(1)), no person shall, in violation of subdivision (a) of this Section, cause or allow the open dumping of any waste in a manner which results in litter.

The prohibitions specified in this subsection (p) shall be enforceable by the Agency either by administrative citation under Section 31.1 of this Act or as otherwise provided by this Act. The specific prohibitions in this subsection do not limit the power of the Board to establish regulations or standards applicable to open dumping.

A violation of Section 21(p)(1) is alleged for the following reason: **The open dumping of waste was caused or allowed in a manner which resulted in litter.**

8. Pursuant to Section 21(p)(7) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(p)(7)) no person shall cause or allow the open dumping of waste in a manner that

results in deposition of (i) general construction or demolition debris as defined in Section 3.160(a) of this Act; or (ii) clean construction or demolition debris as defined in Section 3.160(b) of this Act.

A violation of Section 21(p)(7) is alleged for the following reason: **The open dumping of waste was caused or allowed in a manner which resulted in deposition of general or clean construction or demolition debris.**

9. Pursuant to Section 55(a)(1) of the {Illinois} Environmental Protection Act (415 I.C.S. 5/55(a)(1)), no person shall cause or allow the open dumping of any used or waste tire.

A violation of Section 55(a)(1) is alleged for the following reason: **Evidence of open dumping of used or waste tires was observed during the inspection.**

10. Pursuant to 35 Ill. Adm. Code 812.101(a), all persons, except those specifically exempted by Section 21(d) of the {Illinois} Environmental Protection Act, shall submit to the Agency an application for a permit to develop and operate a landfill.

A violation of 35 Ill. Adm. Code 812.101(a) is alleged for the following reason: **A waste disposal site was operated without submitting to the Illinois EPA an application for a permit to develop and operate a landfill.**
