

Hello. It appears there is a problem but not
of my making. All of the pictures are not of my
doing.

I have nothing to do with this business!

I am 82 yrs. and had cancer surgery 3
weeks ago in August scheduled for. My wife
is 78 and had cancer surgery left lung
6 months ago, she went from 150 lbs to 90 lbs.
I have lost 40 lbs. She is on oxygen 24-7

So any help in resolving this would be
appreciated!

Thankly
Edy Carter
