Illinois Pollution Control Board
100 W. Randolph Street, Ste. 11-500
Chicago, IL 60601-3218

Re: Variance, Docket No. PCB 2012-126

Dear Mr. John Therriault:

I support Ameren Energy Resources workers and their request for temporary relief (Variance, Docket No. PCB 2012-126).

I recognize AER's vital role in our local and state economy, for its energy centers provide hundreds of well-paying jobs and generate vital economic activity and tax revenues that are used to support crucial municipal services and local schools.

AER remains fully committed to clean energy standards, but simply needs more time to make the costly upgrades. Please grant this request so AER can improve air quality by achieving the cleaner emission standards without having to jeopardize jobs and livelihoods of Illinois residents.

Thank you for your consideration and for registering my comment.

Sincerely,
Thomas Callahan

Re: Variance, Docket No. PCB 2012-126

Dear Mr. John Therriault:

I support Ameren Energy Resources workers and their request for temporary relief (Variance, Docket No. PCB 2012-126).

I recognize AER's vital role in our local and state economy, for its energy centers provide hundreds of well-paying jobs and generate vital economic activity and tax revenues that are used to support crucial municipal services and local schools.

AER remains fully committed to clean energy standards, but simply needs more time to make the costly upgrades. Please grant this request so AER can improve air quality by achieving the cleaner emission standards without having to jeopardize jobs and livelihoods of Illinois residents.

Thank you for your consideration and for registering my comment.

Sincerely,
Stephen Sloan
