CONCURRING OPINION (by D. Glosser and C. K. Zalewski):

We concur in the majority opinion issued today. We agree that the People of the State of Illinois' motions for extending the December 4, 2012 record-closing deadline and cancelling the September 24 and 25, 2012 supplemental hearing should be granted. However, we continue to believe that this matter should not have been set for additional hearings. Therefore we concur in the action taken today.

Deanna Glosser

Carrie K. Zalewski

I, John T. Therriault, Assistant Clerk of the Illinois Pollution Control Board, certify that above concurring opinion was submitted on September 6, 2012.
