ORDER OF THE BOARD (by B. Forcade):

On June 27, 1984, Reilly Tar & Chemical Corporation ("Reilly") filed a Petition for Variance from 35 Ill. Adm. Code 307.103. That petition is deficient in that it fails to provide information on the following:

1. The length of time for which variance is sought.
2. A detailed description of each control option being evaluated, including a specific time schedule for completing evaluation of each control option, as required by 35 Ill. Adm. Code 104.121 (f).

Unless an amended petition is filed within 45 days, this matter will be subject to dismissal.

The Board notes that Reilly is requesting permission to discharge mercury to the Granite City P.O.T.W. Therefore, Reilly must join Granite City as a party petitioner or party respondent, whichever Granite City prefers, in any amended petition and provide proof of service on Granite City.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 29th day of June, 1984, by a vote of 4-0.
