

ILLINOIS POLLUTION CONTROL BOARD
May 13, 1982

In the Matter of:)
) R81-32
UNDERGROUND INJECTION CONTROL (UIC))

FINAL ORDER. ADOPTED RULES

ORDER OF THE BOARD (by D. Anderson):

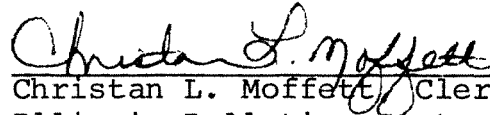

On January 7, 1982 the Board proposed to adopt a proposal by the Illinois Environmental Protection Agency (Agency) for regulations to enable Illinois to be granted primacy for underground injection control (UIC) pursuant to Section 1422 of the Safe Drinking Water Act, P.L. 93-523 (SDWA). The proposal was published for comment even though it is not subject to Section 5 of the Administrative Procedure Act (APA) (6 Ill. Reg. 1005,1011, January 29, 1982).

The Board has modified the proposed rules in response to comments and at its own initiative. The Board hereby adopts the text of amendments to Part 700 and Parts 702, 703, 704, 705 and 730 which is before it, subject to format changes which may be requested by the State Library. Because of its length, the full text will not appear with this Order. The Clerk is directed to file the rules with the Secretary of State and to prepare a notice of adopted rules for publication in the Illinois Register.

This is a final action of the Board. Because of the possibility of extensive changes in format at the request of the State Library, the appeal period will commence with the filing of the rules with the Secretary of State. If a motion for reconsideration is filed by any participant, the appeal period for all participants will commence with an Order on the motion in the event such Order is entered after the rules are filed.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 13th day of May, 1982 by a vote of S.O..

Christan L. Moffett, Clerk

Illinois Pollution Control Board
