ORDER OF THE BOARD (by J. Anderson):

On July 3, 1984, the Agency moved to dismiss this June 25 variance petition on the grounds that the petition lacked 1) a compliance plan including a time schedule, 2) historical and projected VOC emission levels, and 3) a hearing request or waiver. As this petition needs a hearing for SIP purposes, the third ground is moot. The motion to dismiss is denied. However, as the missing information may be crucial to the Agency's framing of its Recommendation, the Board will require the filing of an amended petition providing all available information as specified in numbered paragraphs 2 and 3 of the Agency's motion within 45 days of the date of this Order, or this petition will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 19<sup>th</sup> day of July, 1984 by a vote of 6-0.
