**Section 107.102 Severability**

If any provision of this Part or its application to any person is adjudged invalid, the adjudication does not affect the validity of this Part as a whole or of any portion not adjudged invalid.

**Section 107.104 Definitions**

For purposes of this Part, words and terms will have the meanings as defined in 35 Ill. Adm. Code 101.Subpart B unless otherwise provided, or unless the context clearly indicates otherwise.

**Section 107.106 Description**

Pursuant to Section 39(c) of the Act, any new pollution control facility, prior to receiving a permit from the Agency to construct and operate, must first receive siting approval from the *County Board of the county if in an unincorporated area, or the governing body of the municipality when in an incorporated area, in which the facility is to be located* [415 ILCS 5/39(c)]. The siting approval can only be given pursuant to Section 39.2 of the Act and only after the unit of local government conducts a public hearing that comports with the requirements of Section 39.2(d) and with general standards of fundamental fairness. Pursuant to Section 40.1 of the Act, a decision of a unit of local government to site or deny siting of a new pollution control facility is reviewable by the Board. The decision of the Board is appealable to the Illinois appellate court.
