IN THE MATTER OF:)
)
PETITION FOR SITE SPECIFIC) R 82-3
EXCEPTION TO EFFLUENT STANDARDS)
FOR ALTON WATER TREATMENT PLANT)

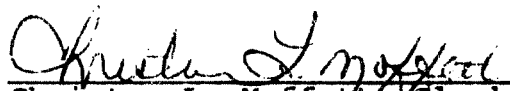

DISSENTING OPINION (by B. Forcade):

The record here is persuasive to provide Alton the relief they have requested, and I agree with the result. However, I respectfully dissent from the language of the Order in that it totally eliminates effluent limits for total suspended solids and iron applicable to Alton's discharge. I would have imposed effluent limitations for those parameters at a level where Alton's present discharges could reliably comply, in addition to the present language of the Order.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Dissenting Opinion was submitted to me this 9th day of March, 1984.
