INTERIM ORDER OF THE BOARD (by J.D. Dumelle):

Ford Motor Company presently has a petition pending before the Board requesting variance from 35 Ill. Adm. Code 215.104(a)(1) and 35 Ill. Adm. Code 203. Both Ford and the Illinois Environmental Protection Agency (Agency) apparently agree that if Ford proceeds with its facility modifications, such activity would constitute a major modification pursuant to 35 Ill. Adm. Code 203.207. However, neither party addresses the applicability of Section 203.207(f) which may exempt the proposed activity from being considered a major modification, especially if the Board were to grant variance from Section 215.204(a)(1).

Therefore, the Board hereby requests that the parties, if they so desire, address the applicability of Section 203.207(f) to Ford's proposed modification. Since the deadline for decision in this matter is April 30, 1984, and since the Board intends to consider this matter at a special Board meeting on April 27, 1984, any responses to this Order are requested to be filed by April 25, 1984. A copy of such response should be addressed to the Board's Urbana office 104 W. University Ave., Urbana, IL 61801.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 19<sup>th</sup> day of April, 1984 by a vote of 6-0.
