ORDER OF THE BOARD (by J.D. Dumelle):

This matter comes before the Board upon a September 11, 1985 petition for variance filed on behalf of Oasis Outdoor Ltd. (Oasis). That petition is deficient in several respects. First, the apparent waiver of hearing on page seven is unclear. Hearing should be unconditionally waived or requested (although upon the filing of a negative recommendation by the Illinois Environmental Protection Agency, Oasis could reassert its right to a hearing). Second, there is no data presented regarding current discharge levels of the various pollutants from which variance is requested. Third, on page three of the petition, variance is requested for one year, while on page six Oasis alleges that compliance will require more than one year. Fourth, there is little or no discussion of the environmental impact of granting variance.

Unless an amended petition is filed within 45 days of the date of this Order curing the above-noted defects, this petition will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 20th day of September, 1985 by vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
