ORDER OF THE BOARD (by J. Anderson):

This October 30, 1984 petition seeks relief from Board rules concerning the radiological quality of the Village's drinking water, but does not provide any information as to how far levels exceed those specified in the rules. The Board is not at this time asking the Village to perform additional testing; the Board is directing the Village to provide any information it has in its possession, such as test results of any date, Agency letters, or the like, which indicate the radiological quality of its finished water. If an amended petition supplying this information is not filed within 45 days of the date of this Order, this petition will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 8th day of November, 1984 by a vote of 6-0.
